Have a nice summer,
and dont change, stay cool
and stay out of trouble HaHa
dont take it seriously.
Good luck with your girlfriend
and just have fun.
"Ollie"

Bradly

Have a great summer
and a better rest of your
life good luck. And hope
you get ____ soon!
Michael V.

Brad

Hey Guy! I'm glad we had
a part in the play together (I mean literally)
I hope you are in the next musical also.
I hope you and Tania stay together and have a
good time at it. Take it easy on her though
she is a very sweet person. See ya next year
Your Friend Alan (the Back End)

Brad,

Life has been great ever since I met you! When I moved here I thought since I lived 8 years without a boyfriend I could live forever without one! You have prove me totally wrong! I love you alot and alway will, no matter what! You mean SO much to me! Even though you are sometimes mad at me & I'm sometimes mad at you, I will alway love you! You the nicest & sweetest person I've ever met. I know you will do your best at everything you do, so I wish you good luck! I hope we are together forever no matter what!

Love always
Laura Brockman

Bradley,

I'm glad you become
friends with Caroline
(Sawai's

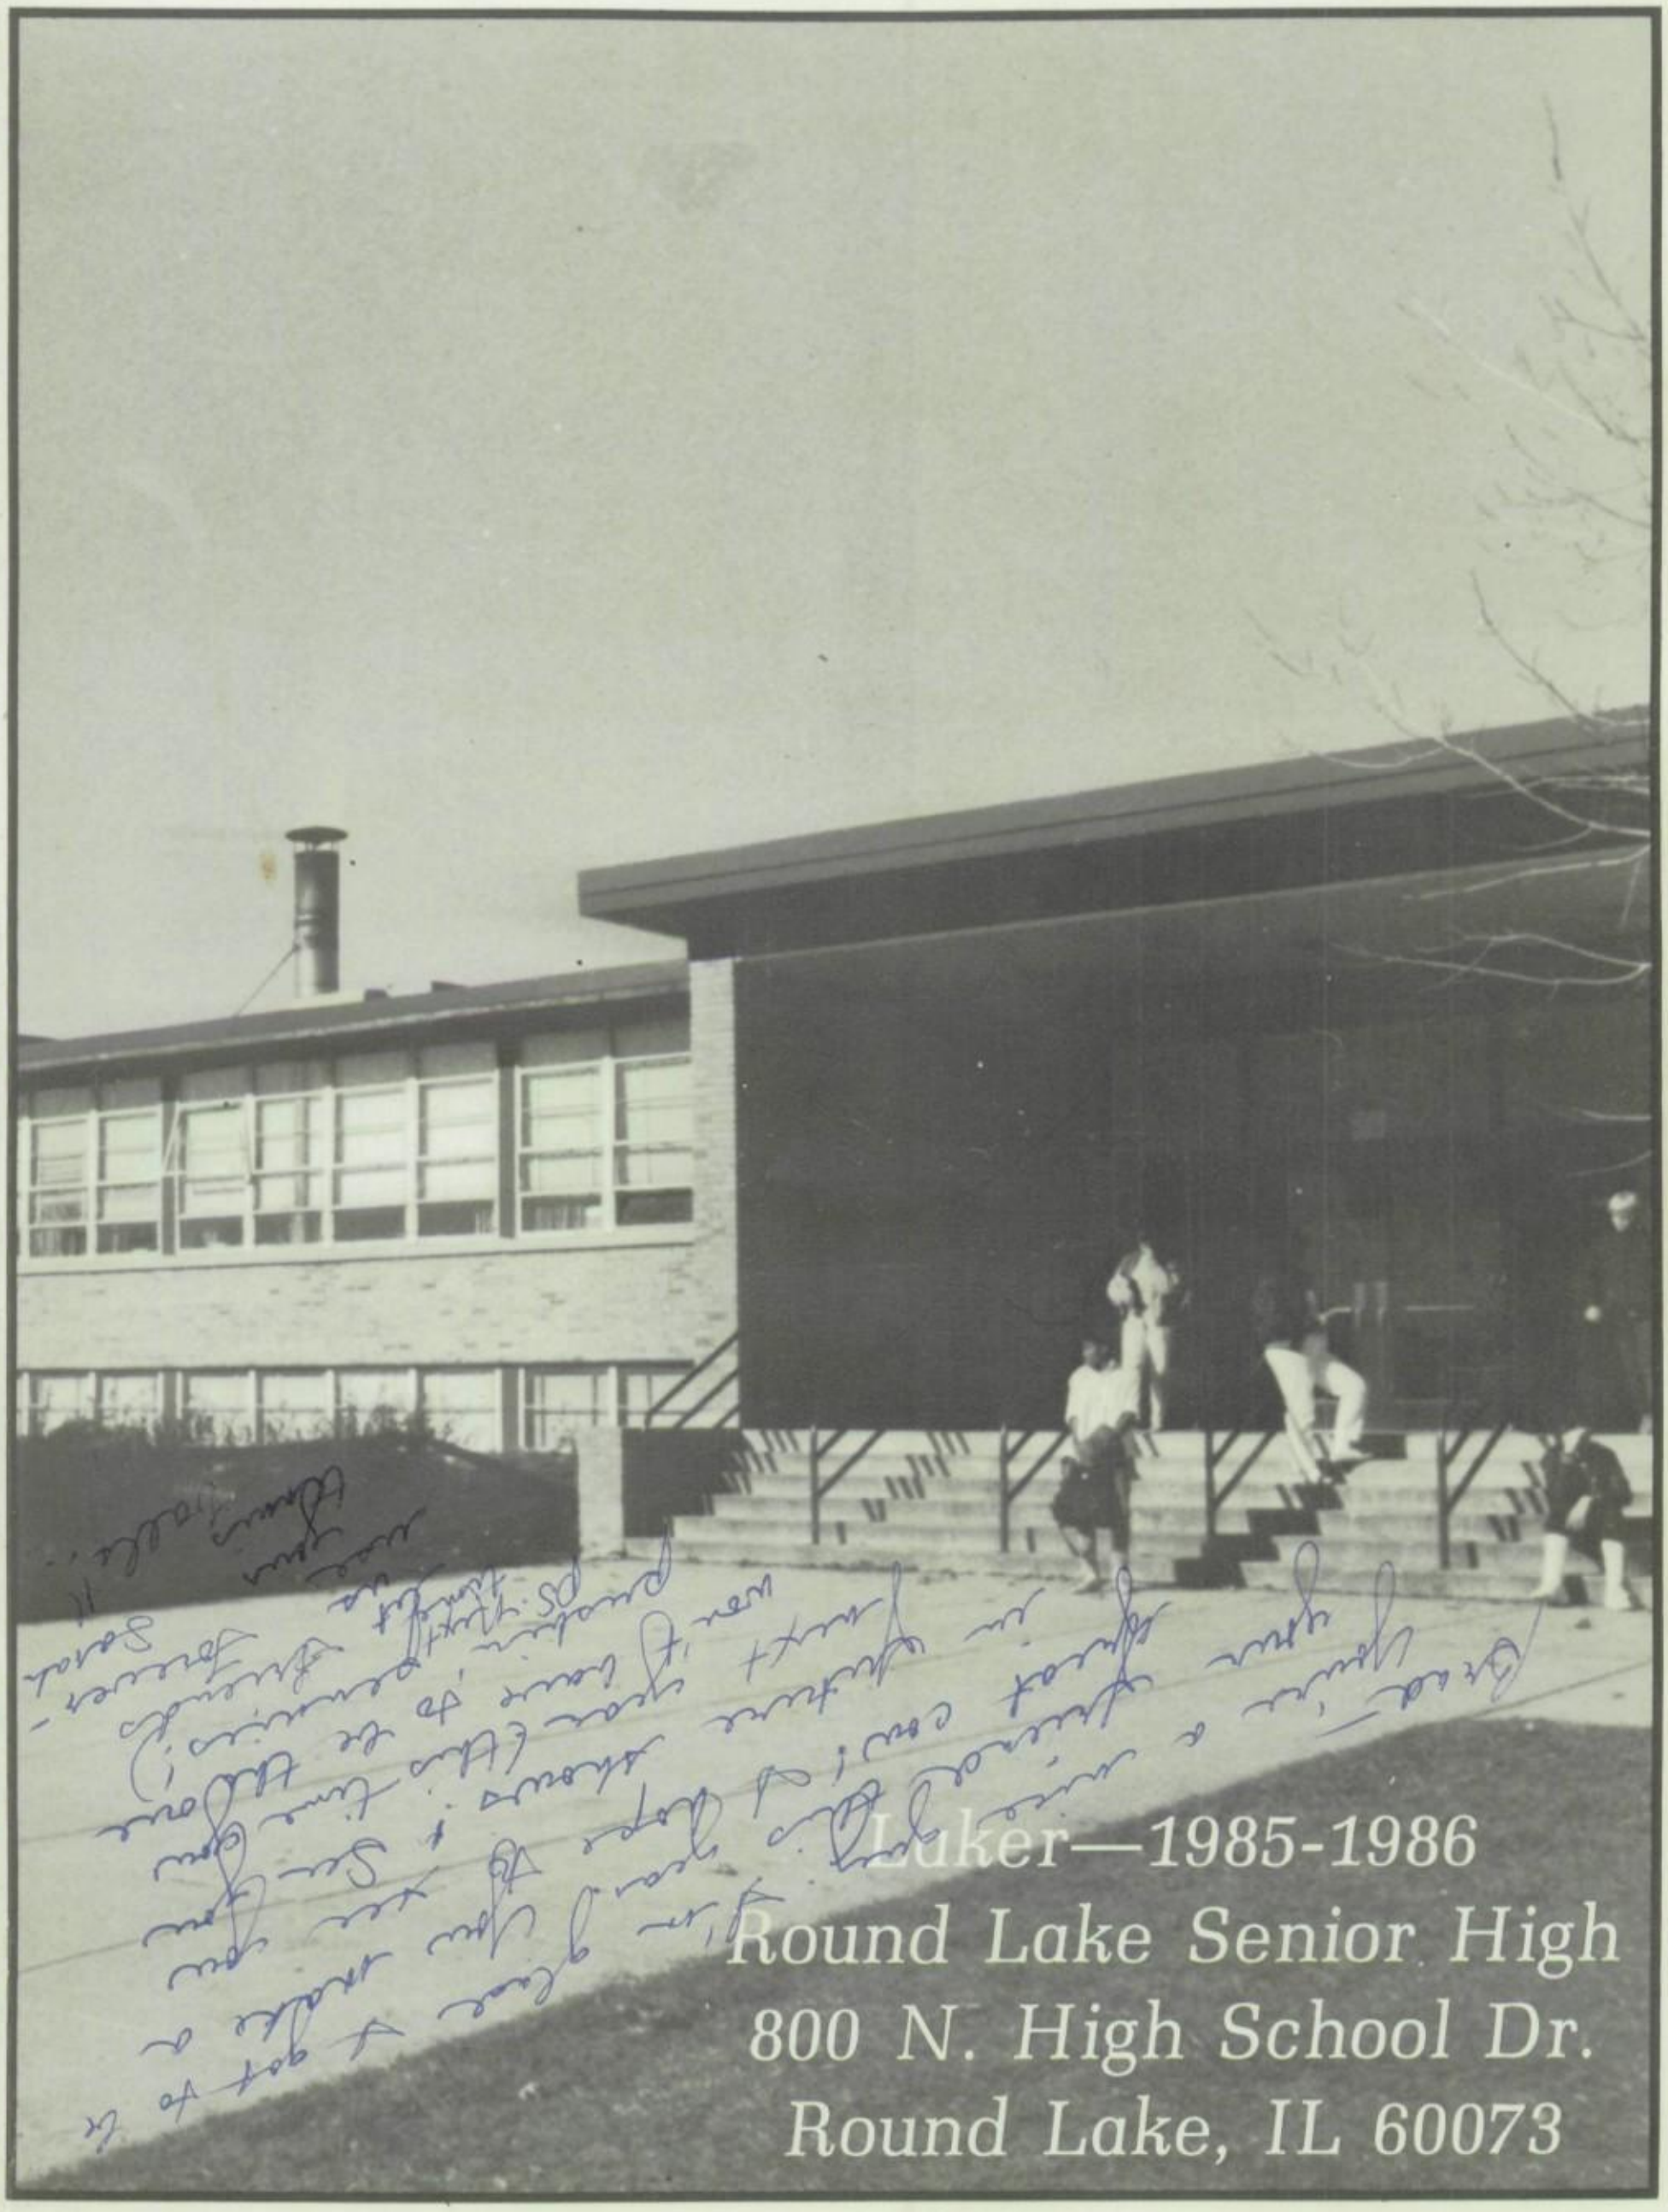
Getting "Paid" trip!
Summer!! See ya!

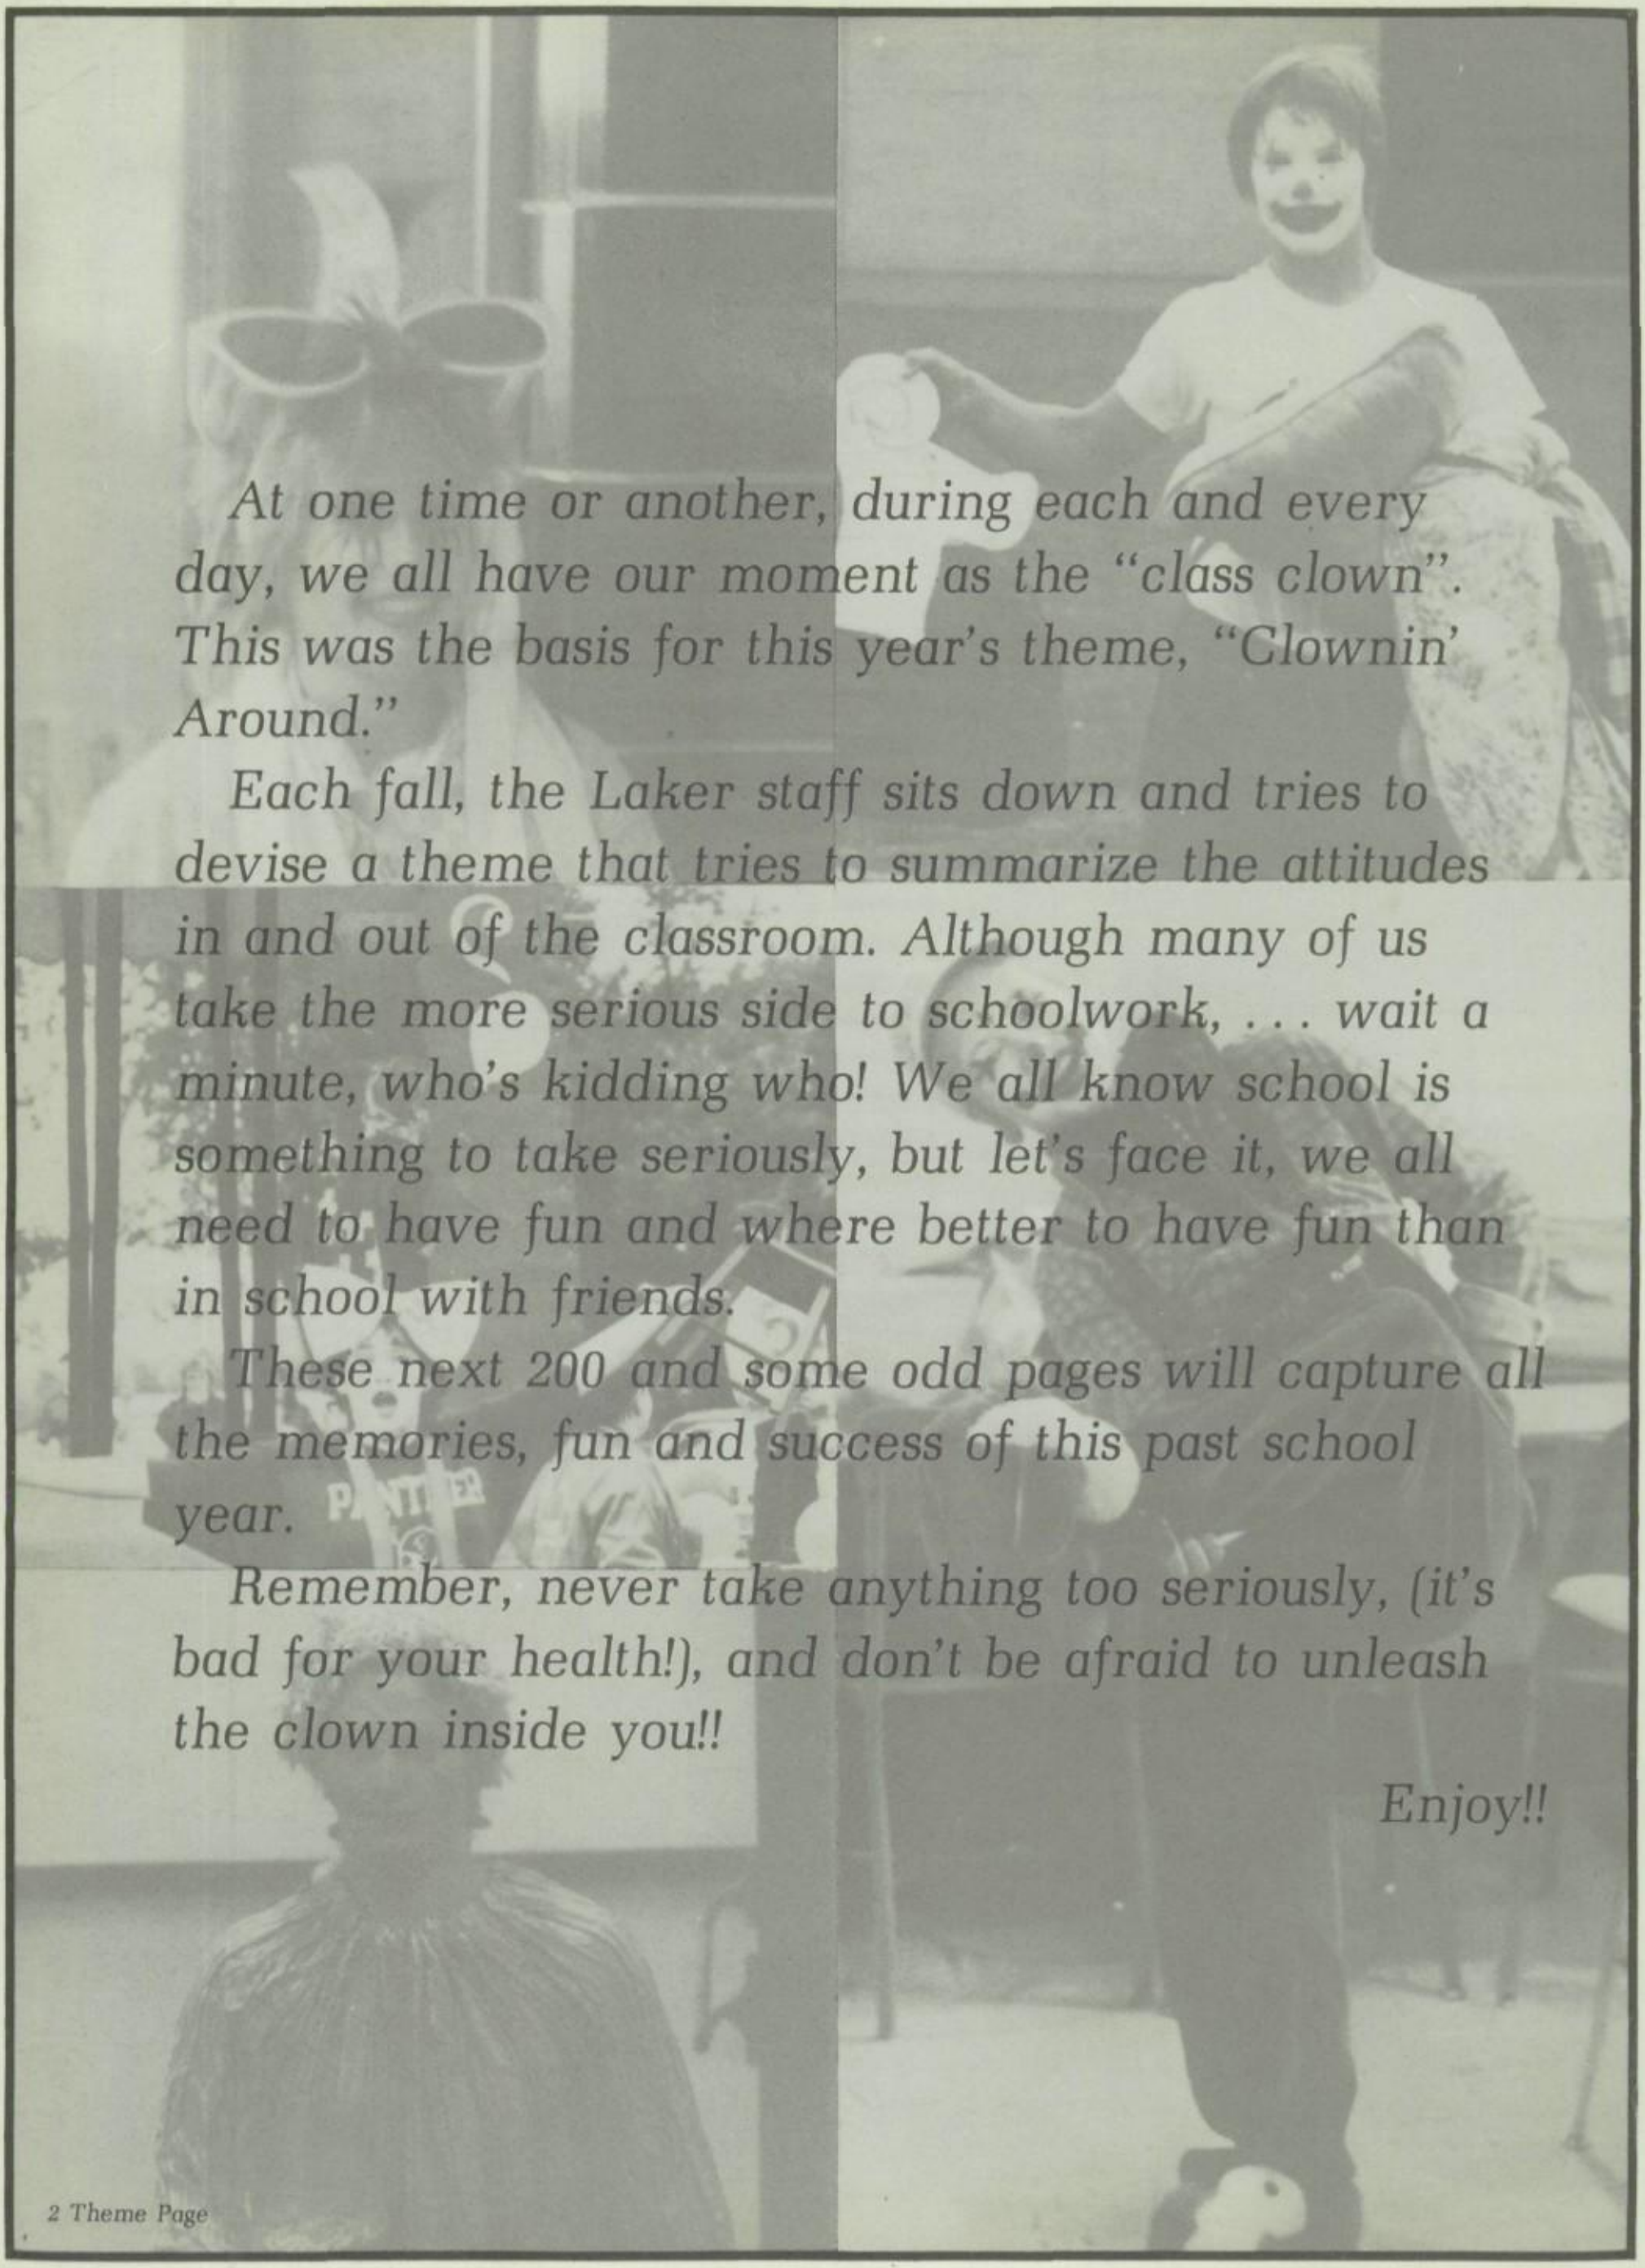


Laker—1985-1986

Round Lake Senior High

800 N. High School Dr.

Round Lake, IL 60073



At one time or another, during each and every day, we all have our moment as the "class clown". This was the basis for this year's theme, "Clownin' Around."

Each fall, the Laker staff sits down and tries to devise a theme that tries to summarize the attitudes in and out of the classroom. Although many of us take the more serious side to schoolwork, . . . wait a minute, who's kidding who! We all know school is something to take seriously, but let's face it, we all need to have fun and where better to have fun than in school with friends.

These next 200 and some odd pages will capture all the memories, fun and success of this past school year.

Remember, never take anything too seriously, (it's bad for your health!), and don't be afraid to unleash the clown inside you!!

Enjoy!!

1985-86 Dedication

Mr. Ken Filas

It's your turn, Mr. Filas!

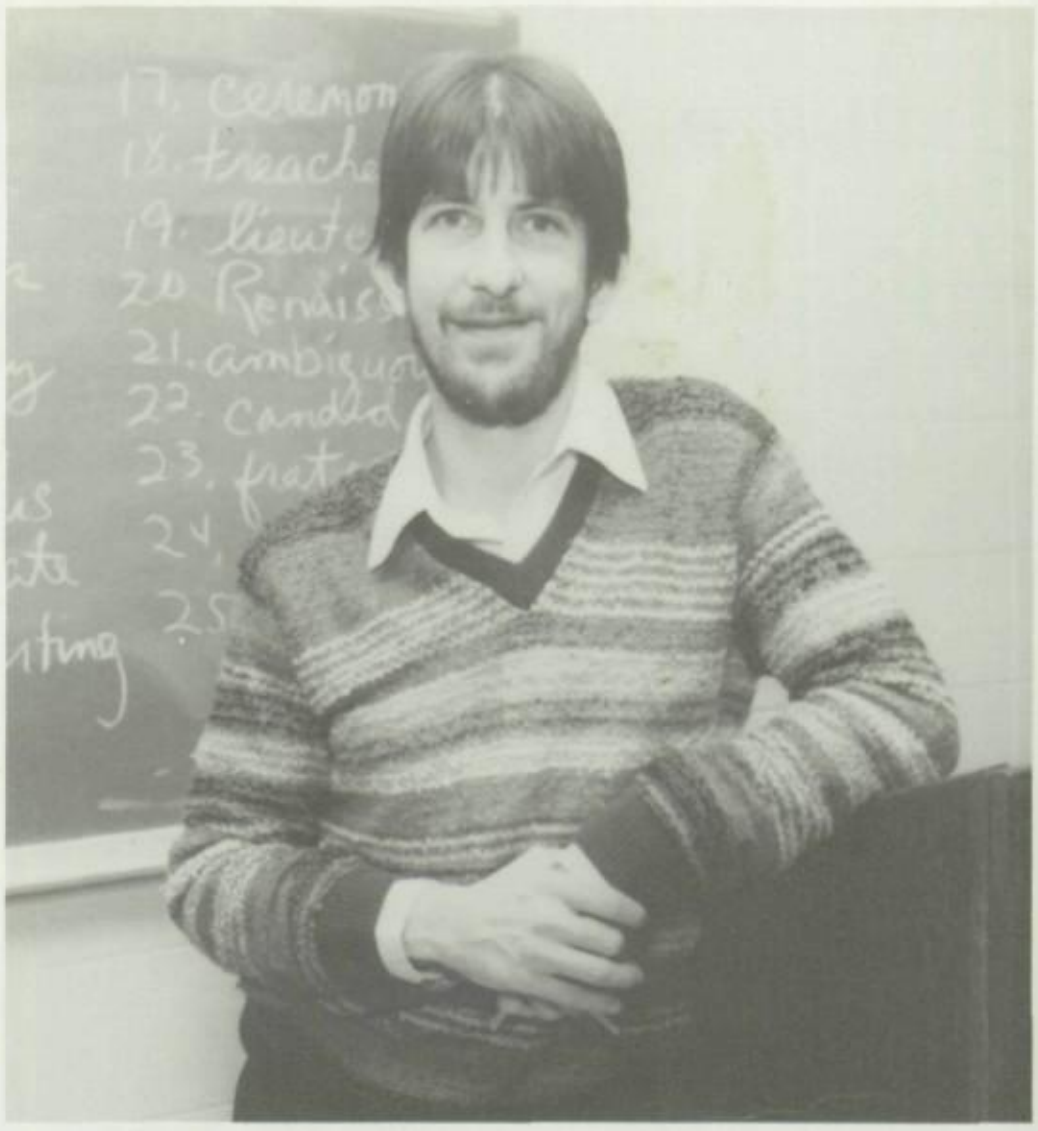
Dedicated to teaching, Mr. Filas has been instructing at R.L.H.S. for nine years. His teaching consists of working with students at the freshman and sophomore level. Mr. Filas also teaches a few classes at the honors level. Those who have had Mr. Filas as an English teacher will never forget those dreaded taboo words.

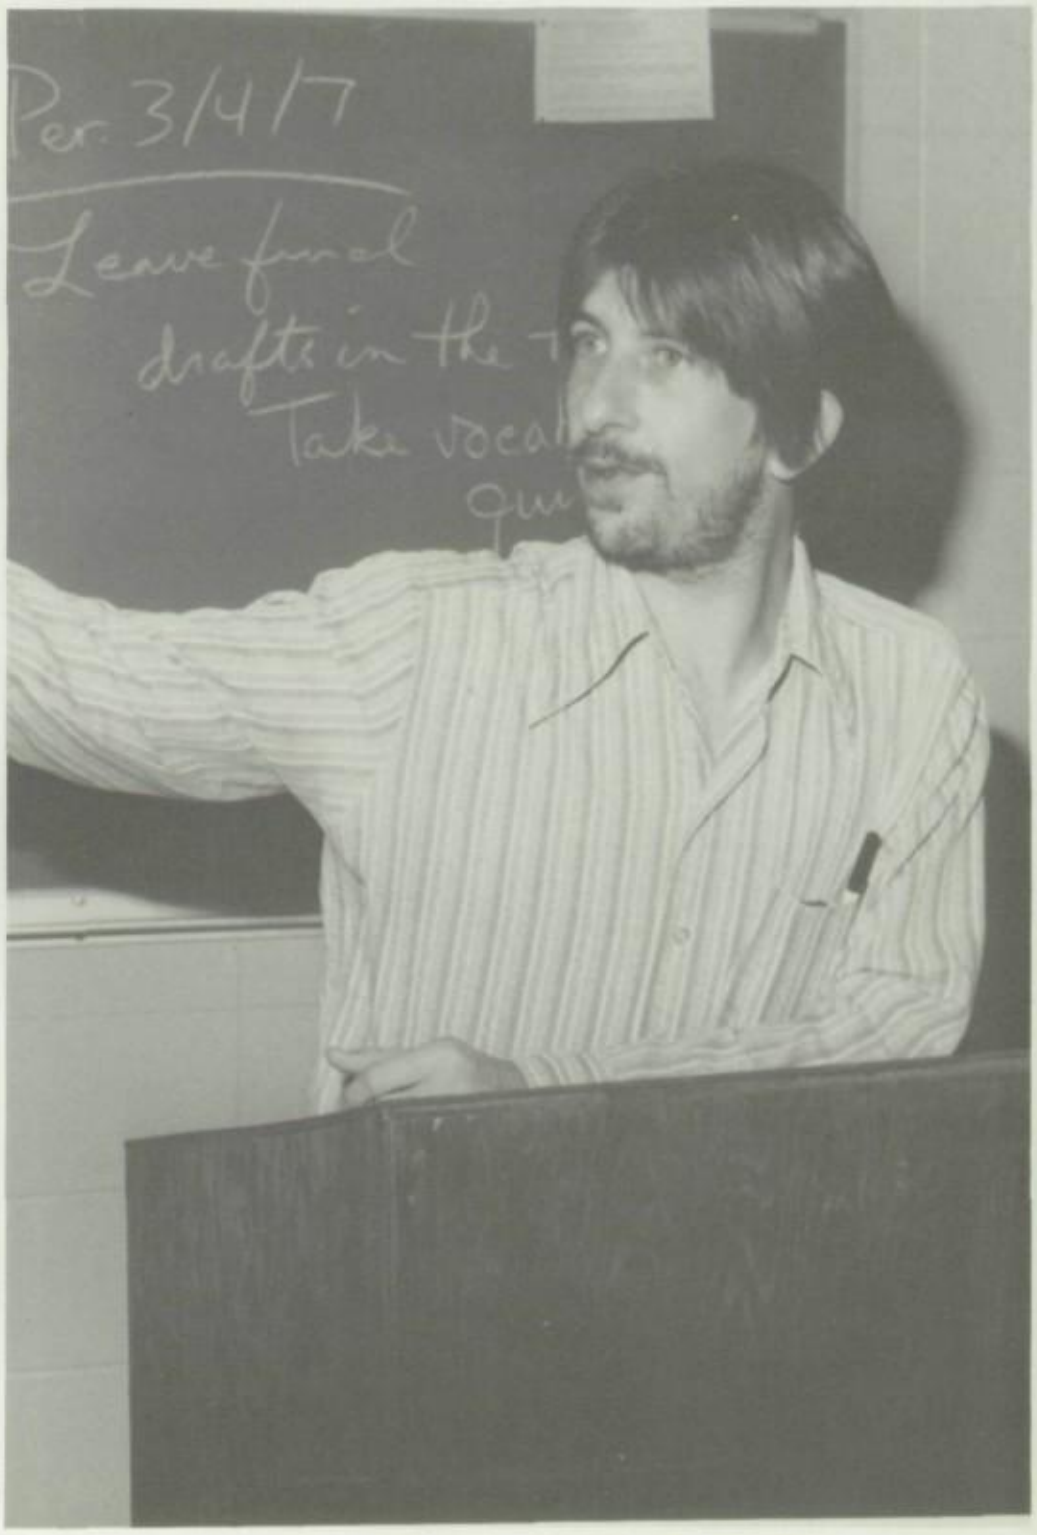
One of the best things about this man is the great pride he takes in his students. He does not mind spending extra time discussing English or aiding a student with an assignment or just being there to listen to a student's problems. He never claims to have all the answers to the current problems teenagers are having today. However, he does take the time to listen and make the student see the situation from a logical standpoint. The key element to this caring attitude is that he remembers how tough it was when he was a teenager.

Until this year, Mr. Filas served as the advisor for the Laker Yearbook staff. This was a position he held for seven years. Last year, however, he decided he had taken the Yearbook as far as his talents could so he resigned as the advisor at the end of the school year to continue work on his master's degree. And each year that he held this advisement duty, he would allow the Yearbook staff to vote on who would receive the book's dedication. Well, each year one or more students would nominate him for the honor. Every year he would flatly refuse, saying the dedication should go to someone else as he was too closely involved with the yearbook. This, in the staff's opinion took a lot of class and style, but now, dear Mr. Filas, you are no longer involved in the creation of the book. Therefore, it looks like you will just have to accept this dedication. After all, this page is only printed in 999 other books . . .

Mr. Filas, you showed a great devotion, belief, and motivation in helping previous events and memories become completed yearbooks. Within this framework, you showed us that you strongly believed in the students of many Laker staffs. Now, in return, we would like to honor you and let you know that we believe in you.

Tammy McClenning,
The Laker Staff





The Prince of Pride
1985-1986 Dedication

History teacher, Head Football Coach, and a super human being, Coach Dunn has made his mark on RLHS during the past two years he has been here.

Since Coach Dunn has been here for such a short time, we can easily see his contributions to the school. Turning the football team from last place contenders to NWSC Champions for the 1985 season, making it to the State play-offs, introducing Panther Pride, (along with his partner in crime, Coach Ward), uniting the students as a family, and helping to create an image of pride and strength for the RLHS sports teams, the school, and all the people in it, are some of his major accomplishments over the past two years.

As a teacher and a person, he ranks near the top. He is understanding, listens to the students, and never thinks twice about going out of his way to help someone.

He has touched each of our lives in some special way, and we will never forget all he's done for RLHS as a family, as a school, and as individuals.

Coach Dunn, you can now add this well deserved honor to your list of personal achievements. You have become a legend at RLHS and have set the standard for the Panther way of life for many years to come.

Penny Olk

What is it like to put a whole year of memories on paper? It is a lot of hard work, dedication, and pure guts!!

It means scrounging around for pictures or finishing up five pages, but when you go for tricopies, there aren't any left!!! These are just some of the frustrating problems that always has to happen on "D-DAY".

One of the positive aspects this year was when four of the Laker Staff members and Mrs. Crass (advisor) went to a seminar at Trinity College in Deerfield. At the seminar, they learned about layouts, creative design, and how to write better and more exciting stories.

This year the Laker Staff used what the four students learned to make this book better. Hopefully, as everyone in the school looks through this book, they will agree with everyone on the staff, that this is the best book yet!!

BY: Wendy Williams
and
Colleen Magness

Ten, twenty years from now, when the Class of '86 (and others) read this, they will not remember or realize the care and the time taken to complete this book. However, I'd like to thank those who helped keep these high school memories intact. By this, I do not merely mean some dedicated staff members, but also those who cooperated for club and activity pictures, those who dressed up and posed for divider pages, etc.

The making of a Yearbook takes many crucial ingredients. Creativeness, a desire to never quit, an eye for quality, and, at least some of the staff, must have a genuine care and belief in what they're creating. In one form or another, we added some of each ingredient to achieve and complete what you will later nostalgically glance through. (Yes, believe it or not, these **were** *the best days of our lives!) It took a lot of work, a little sweat, some coaxing here and there, and DEADLINE phobia to fill this book from cover to cover. However, the pay-off came when the books arrived and, as we passed them out, we had the opportunity to watch the expressions on everyone's faces. It made all the time, the effort, and pressure pay off in one brief action.*

So, when you dust off the cover and place this book back on the shelf, let your memories flashback to that winning football season, that feeling of family and togetherness, that favorite subject and teacher, that special Prom, graduation day jitters . . .

Tammy McClenning,
Co-Managing Editor

. . . a new advisor . . . a practically brand new staff . . . running out of copy sheets . . . finally getting the pictures you have been waiting for and they turn out too blurry . . . finding 2 undone pages on deadline day . . . having people bug you to death about supplements . . . trying to find a typewriter that will type an "r" instead of a "g" when you want it to . . . going to bed at night and praying that next weeks deadline will come off "smoothly" . . . telling people the importance of ads to the success of this book . . . and wishing you had ten bodies to talk to, and help everyone in need of your assistance in one 45 minute class period, are only some of the things that have made this year hectic, nerve-racking, but mostly enjoyable and certainly not boring!

All of the lost sleep, missed classes, and being extremely grouchy to my friends and family, are all worth it seeing all my ideas and hard work in capturing this school year in one 211 page book.

All this was not done alone, though. I have to thank our staff and co-editors Robin Rehm, Colleen Magness and Don Lau for all their hard work. (See . . . copywriting is easy!)

I'd like to send a very special thank you to Coach Dunn, Ms. Liegl, Joey Ortiz, Carla Wibright, Madge Raysby, Mrs. Crass (for giving me the freedom and support to put my ideas to work), Rodney Yanez, Mr. Brown, Shay Simms, Andy Reitz, Joe Shuman, Kim Felks and my friends and family for putting up with me, and your support, because without all your help many pages in this book would not be possible.

Enjoy!
Penny Olk
Co-Editor

P.S. See Mr. Filas, we did it!

YOU KNOW IT'S MONDAY WHEN ...

Your alarm doesn't go off.

You jump in the shower and discover there's no hot water.

You pour cereal in a bowl and find there's no milk.

Your deodorant can is empty.

You walk to school on a rainy day and get splashed by a car.

Your curling iron burns out.

You can't find your contacts so you have to go to school blind.

Your toilet gets stopped up.

While ironing your shirt you fall asleep and burn a hole through your shirt.

You can't put on any make-up because you left your purse in your boyfriend's car.

Your teacher marks you absent when you're not.

You trip "up" the stairs.

The pants you wore to school have a zipper that likes to fall down.

Your nylons decide to take a run down your leg.

You're a senior and you have to ask a freshman where a class is.

You walk out of the washroom with a trail of T.P. behind you.

You can only find a black pair of underwear to go with your white pants.

Everyone at school reminds you of zombies.

Your bra strap comes undone in the middle of the lunchroom.

You fall asleep in the middle of Coach Dunn's lecture.

You run into the back end of Mr. Prault's car.

Nutritional Start

by Mike Obrochta

A new breakfast program was started at RLHS at the start of the winter semester. It was served from 7:30 to 8:30 A.M. in the Commons. The cost was $.75 for students, $.85 for adults, and $.30 for students eligible for reduced lunch. It was started on a trial basis and the continuation of the program depended on the students cooperation in the following ways: 1) attending class at the required time, 2) trash disposal in designated cans, 3) food is to be kept in the cafeteria, 4) and appropriate conduct to be maintained at all times.

The menu consisted of cereal, bagel, or doughnut, large fruit juice, fruit cup, fresh fruit (choice of one), and milk.

This was not the first breakfast program ever administered at RLHS. At the beginning of the school year, the Senior Class sponsored a Senior breakfast for any Senior who wanted to attend. Next came the ever popular Football breakfast held every Friday before a game where the players would receive their spirit tags with the word of the week. The word expressed the goal for the game.

This program provided students who did not eat breakfast at home an opportunity to begin the day with a nutritional start.

Behind Closed Doors

Lockers . . .

A place to converse,

A rest area between classes,

A display of likes and feelings,

Something to do while you wait for him to pass by,

Pictures plastered upon the walls, Adam Ant, Billy Idol, Duran II and Madonna.

So many things a locker possesses . . too many to mention, but above them all we mustn't forget the unforgettable 'sweethearts'.

A treasure box full of present loves and past school days.

Shuttle Crash Hits Home

by Carla Wibright

"If I reach for the stars, I might not touch them. But I won't come up with a handful of dirt."

Tuesday, January 28, was a day that everyone would like to forget like the day John Kennedy was shot. At 10:39 on that morning, seven crew members of the space shuttle Challenger exploded in what is now known as the biggest U.S. space disaster since 1967 when Gus Grissom, Edward White and Roger Chaffee were incinerated in a launch pad fire.

For four of the crew members it was their second shuttle flight. Dick Scobee, the flight commander; Judith Resnick, one of the first women chosen as an astronaut; Ronald McNair, one of the first black astronauts; and Ellison Onizuka, the first Oriental astronaut were all on their second flight. The pilot, Michael Smith and the engineer, Gregory Jarvis were on their first shuttle mission.

However, the person who was given the most publicity on this flight was Sharon Christa McAuliffe. It was not only her first flight, but she was also the first civilian astronaut to fly on a shuttle mission. She would have been the first teacher in space.

"I was deeply saddened upon hearing of the tragic destruction of the Challenger," said teacher William Brown. "Being a teacher I can appreciate what Christa McAuliffe was trying to do for her students. Every individual had to be affected by this event and can only hope that this mishap may be used to save future lives.

They shall not grow old
as we that are left grow old:
Age shall not weary them,
nor the years condemn
them.
At the going down of the sun
and in the morning
We will remember them.

from "For the Fallen"
fourth stanza

Survival Tips For Freshmen

by Carla Wibright (Senior)

Keeping with Mr. Prault's policy of "Each One, Reach One," I'd like to help the freshmen out by giving them a few hints to help them survive their first year at RLHS.

Don't be surprised to find some strange fungus, growing in the History Hall drinking fountain. And by all means don't touch it!!

Never stand still for too long in the kitchen while food is being prepared, unless you want to become an entree.

If you hear muffled screams coming from a locker, ignore it, a janitor should be along by the end of the semester.

Don't cut in the lunch line, especially in front of a senior.

When attending a sports event, don't stand up and cheer "Freshmen, Freshmen we're proud," never let your year made known to the general public. But do go to the games (boys and girls games) because fan attendance is vital to your high school career.

Ways to drive your teacher to an early retirement:

1. Nod your head and laugh evilly while reading a copy of Adolf Hitler's "Mein Kempf"

2. Do your homework in crayon and/or red, purple or green ink on yellow paper.

3. Get your class chanting "We are RL," when your teacher makes you stop, report her to the school board for being a Grayslake sympathizer.

4. Write love notes to Mr. Prault and sign your teacher's name.

5. Hand in your assignments on time.

Never complain of cramps to your P.E. teacher more than three times a month, especially you guys.

School Supplies:

1. A sense of humor

2. Pen, paper, and books (optional)

3. Friends

4. Spirit and pride (vital)

5. Mr. Prault's schedule, so you can take an alternate route

6. A deep respect and admiration for all upperclassmen

You Can't Drive 55

by Madge Raysby

A place to park ... Big and black, many yellow lines, cables running from pole to pole. Iced covered ground, sometimes a place close to the door and maybe even a few pot holes. People conversing, "Let's party tonight!" Making plans for the weekend, what a good place to do it. Sometimes fender benders and always beater cars racing to the best spot (but not always being able to fit.) Oh yes, we mustn't forget the pretty pink stickers our dear Mr. Lobaza glued to our cars. And last, but not least those nice shiny cars, the ones we admire—'hot rods'. That's what the student parking lot is made of.

A wide variety of cars line the student parking lot each morning. From sports cars, beaters or hot rods, the car proves to be the best mode of transportation.

Pumping Iron

by Penny Olk

About five years ago, the athletic weightroom consisted basically of a universal gym. Mr. Rummel, Mr. Channel and Mr. Prorok saw that Round Lake had many good athletes who were good at their sports, but needed an extra edge. Weightlifting could provide that additional edge for our athletes, but the problem was lack of money for more equipment. It seems that the Round Lake Youth Council had some extra money and found the problem a worthy cause and donated the money for the equipment. The Panther Pushers raised $1,200 for more equipment, and the community, coaches, and directors have been very helpful and supportive of the program.

Mr. Prorok, Mr. Ricci, Mr. Channel, and Mr. Rummel have all worked very hard to build the weightlifting program up to what it is today, but Mr. Rummel has gone to a greater personal level with the program in recent years. He is a member of the National Strength and Conditioning Assoc., researched the subject, and has taken a year off from coaching to run and organize the program.

In order to get into the program, you have to have goals you want to meet. The main idea of the program is, "if you put something into the program, then you will get something out of it and be successful," Mr. Rummel stated.

Our athletes are mainly the ones who use the weightroom, but it is open to anyone. It is also open for faculty and community use, and is considered one of the best lifting facilities in Lake County.

The program has received very good responses from the athletes, student body and the administration. The program and equipment have benefited the P.E. classes too. They use it as part of the curriculum and as an intro. to Weightlifting that some students may not get outside school.

Super Bowl Champions

On February 19, 1986, over 2,000 parents, teachers, students, and eager Chicago fans packed into the gym to see the Good News Bears take on the RLHS Coaching Staff.

The game was designed to raise money for lights on the football field next season. With a ticket charge of $5.00 each, they were all sold out within the first two days they were on sale. The game alone raised the large sum of $8, 000, which increased the light fund to $19,000. This was enough to purchase the lights and the poles.

The players from both teams included: for the Good News Bears—#86 Brad Anderson, #60 Tom Anderson, #54 Brian Cabral, #23 Shaun Gayle, #75 Stefan Humphries, #33 Dan Raines, #0 Jim Osborne, and also #0 Revee Storey. From the RLHS Coaching Staff—Bob Ward, Brian Brown, Howard Conkling, Ron Sapochak, Jim Prorok, Lance White, Pat Coon, Kevin Dempsey, Gary Edge, Mike Dunn and Paul Petty.

The Coaches took the floor and looked very strong and promising in warm-ups, but then came the Bears. Strong and domineering, they sunk almost every practice shot and the crowd loved them. They were almost destined to win, but the Coaches gave them a hard fight. Brian Brown and Paul Petty were the leading scorers for the Coaches. Despite their continuous hard work and efforts, the Coaches lost 80-84 to the Bears. "They were real big and real quick. I'm glad I survived!" stated a thankful Coach Ward.

The game was not all hard work though. There was Brian Cabral who kept trying to pull down Coach Brown's shorts, Brad Anderson who was there for the "psych" on every free-throw, and we can't forget #33, Dan Raines, who won every female's heart. Coach Prorok stated, "They were very entertaining and very personal. They cared about the cause we were working for."

"The game was enjoyable and turned out very well. The behavior and cooperation of the crowd was great," commented a pleased Mr. Ricci.

Coach Brown ended, "We all got together to have fun and benefit the school, and I think we accomplished both!"

A Candid Look At Homecoming

Overall this year's Homecoming was a very successful one. With our victory over the Grayslake Rams, we were very proud of our school. Thanks to a number of students and staff, especially our Homecoming Committee and Student Council, it was a very enjoyable and fun Homecoming!

Thanks for the Memories!

Clownin' Around with the Panthers!

The Panthers celebrated this years Homecoming clownin' around "Under the Big Top"! Spirit Week began on Monday, Sept. 16 with Dress-Up Day. Tuesday was celebrated as Clown Day, Wednesday as Circus Character Day, Thursday as Button Day and Friday the traditional Blue and Gold Day.

After School Activities took place on Wednesday.

On Friday the Panthers gathered in the new gym at 7:30 p.m. for the Extravaganza.

Saturday morning the Panthers cheered their way through the rain in the Homecoming Parade. After the parade the Panthers returned home and prepared for the main event, the Homecoming Game, where the Panthers defeated Grayslake 14 to 8.

Round Lake Spirit Hits the Top!

The Spirit Week started off great, everyone was "Rowdy and Ready!" Monday was Dress-Up Day and to start the morning off there was a third hour Pep Assembly. At the assembly the top ten nominees from each class were announced for the Homecoming Court. Then the cheerleaders went "Wild and Crazy!" They started off some spirit cheers and let each class follow to see which had the most spirit. The Seniors won the Spirit Stick, but the Juniors came in a close second!

Clown Day was Tuesday and many students really got into the Clown of Things! Everyone clowned around, smiles were on many faces, and the school spirit was great! The Juniors had a lot of Clowns and they won Clown Day.

Wednesday, students became real characters for Circus Character Day. The variety of costumes was outstanding!! The After-School Activities were also scheduled for the exciting day. Mr. Hoff got Ms. Wall all scrambled up with a nice egg right over her head. You can bet she didn't yolk around with him anymore! The decisive results of the games included the Seniors taking first, second went to the Faculty, third place Juniors, fourth place Sophomores, and, last but not least, the Freshmen.

Thursday was Button Day and Students pinned out to show their spirit. The Seniors had the most "pin-ups" and won this day. Also on this day was Hall Decorating, lasting from 3:30 to 5:30. One could see the R.L.H.S. Spirit when one saw the colorful hallways the next morning! It was very obvious that the pride and the effort put forth was tremendous. The classes finished in the following order: Seniors, Juniors, Sophomores, and Freshmen.

Friday was Blue and Gold Day and the Juniors showed the most spirit. Later that evening was the Extravaganza. Many attended and everyone was very anxious to find out the 1985 Homecoming Court.

Saturday the school pride held up with the "Big Top Game and Parade." Though it was raining, the R.L.H.S. class act still shined through! That evening, the Homecoming Dance was held in the beautifully decorated gym. People danced the night away with a lot of fun times and lasting memories. The dance concluded Homecoming 85, but our Pride, Spirit, and Class remained throughout the year!

Panthers Under the Big Top

This year's Float Building was a big success. Many students showed up after school Monday thru Friday from 3:30 to 5:30 to help build their class floats. Many freshmen felt that it was fun and they would like to do it again next year. Let's hear it for their **PANTHER PRIDE.**

Floats were judged during the parade and the winners were announced at the game. Seniors came in first, Juniors second, Sophomores third, and the Freshmen came in a respected fourth place.

Sophomores and Juniors were really excited about this year's turn out because next year they will be Round Lake's upperclassmen. As for the Seniors, everyone on the yearbook staff really hopes you enjoyed your last Homecoming together as a class and family.

Hall Decorating took place this year after school on Thursday. This year's Hoemcoming theme was "Panthers Under the Big Top." Students had certain rules to follow under the direction of the Student Council in order to complete the hallways. The creative students, that participated in this annual after school event, hung streamers, balloons, popcorn boxes, animal cracker boxes, and posters in their respective hallways. All of these objects were to represent their idea of a circus. After the judging took place, the Seniors placed first, Juniors second, Sophomores third, and the Freshmen came in a respected fourth place.

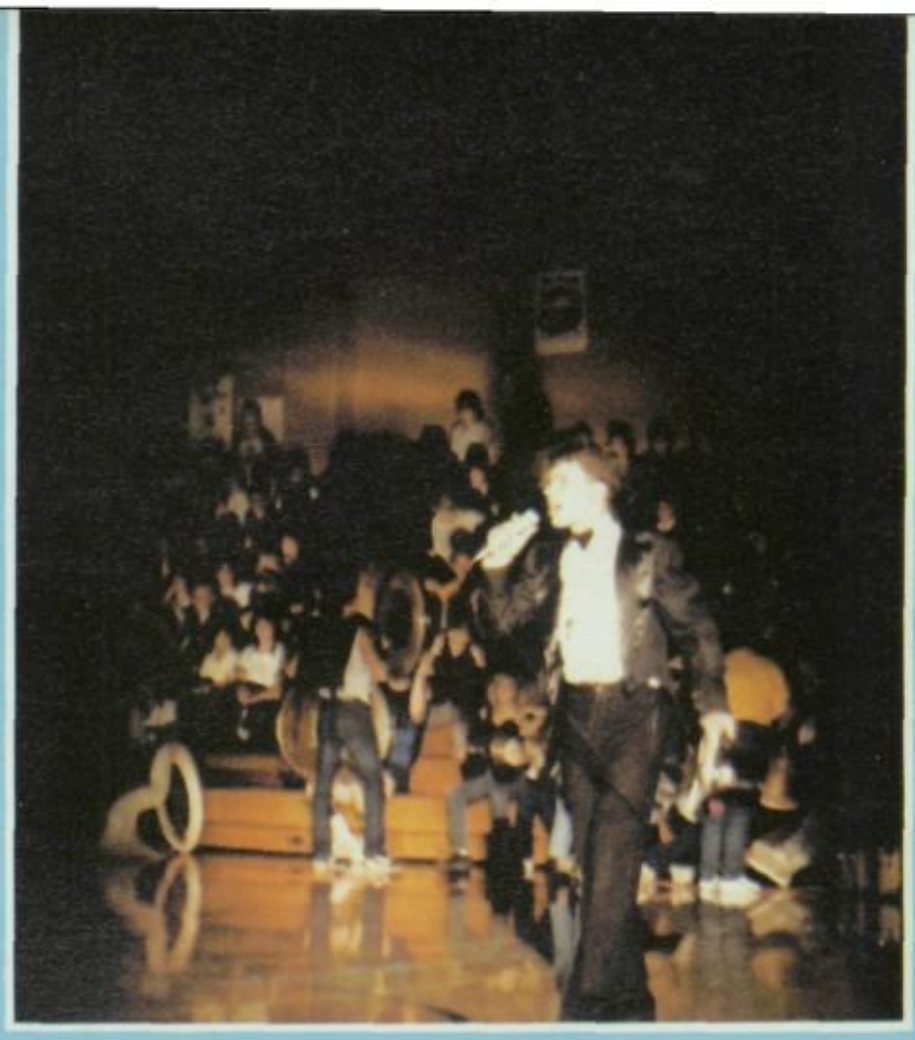
There's Fun . . . Even After School!

Last year's after school activities may have been fun, but this year's were great!! The great attendance of people showed all our PRIDE, and the Seniors had the most people to show up! Overall the Seniors were victorious. Everyone was determined to win and at the same time, show their Panther Spirit!

Included in this year's numerous events were the water balloon toss, the paper into the waste basket throw, egg throwing, wheel barrel race, trivia, spoon through the shirt contest, orange pass, t.p. wrap, and the tug-of-war. The faculty had fun in showing their "experience" in the orange pass. When it came to the tug-of-war, they were creamed!

KRISTOFS

Extravaganza: A Three Ring Circus



The Extravaganza was held September 20 at 7:00 pm. It was a cold and misty Friday night but that didn't stop the festivities or dampen the spirits of those at the huge rally.

The fans crowded into the gymnasium as the band played "Be a Clown." Then the lights dimmed and a spot came up.

"Ladies and gentlemen and children of all ages . . . " came the voice of the ring master, Joe Shuman, breaking into the rowdy shouting of the restless crowd, and they quieted.

The cheerleaders came on and began a parade of entertainment that would fill the night. The events that followed included the Mixed Swing Choir, the Girls Swing Choir as "Material Girls" the Pom Pon Squad with a skit done to "The Entertainer", the King and Queen and the announcing of their court, and even a visit from the "Grayslake Cheerleaders" and a few of their "football players."

One of the big events was the pie throwing contest where some students got the chance to really make clowns out of a couple of teachers. The Cheerleaders put the "yolk" on a few of the football players, so to speak, and Coach Dunn gave a pep speech that brought the audience to its feet, cheering.

The school song was played and the fans poured onto the floor. Another Extravaganza had come to a close, another Homecoming week gone by with only the game and the dance left to enjoy. But that Extravaganza night left us with the joy of a three ring circus in our hearts, and in our minds, the truth, we are "family."

Round Lake High School

On Saturday, October 21, 1985, Round Lake High School held its Homecoming Parade. Even though the weather was bad, there were many smiling faces and even more Panther Pride. All the classes entered their floats in the parade.

This year's Parade went real well with the Panther theme "Under the Big Top". Most of the people were dressed like clowns and other circus characters to give the parade a finishing touch.

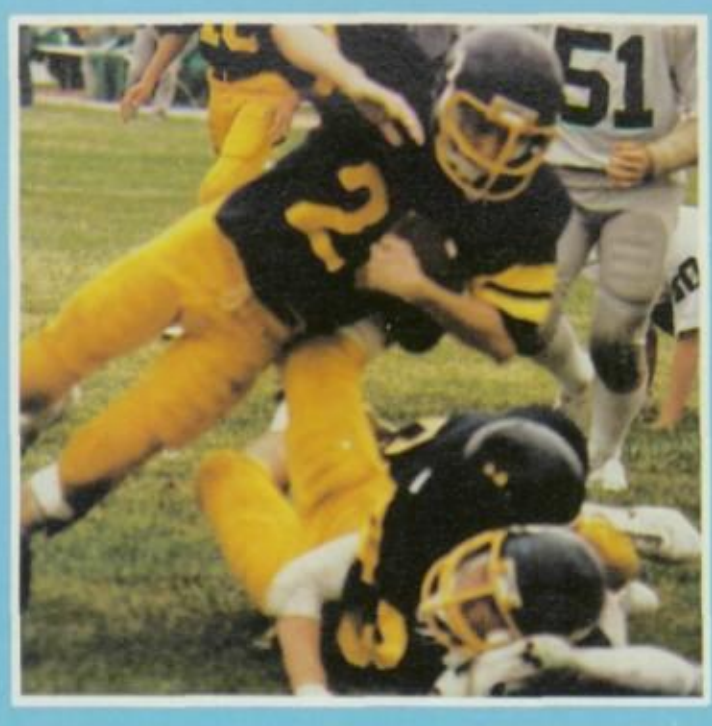
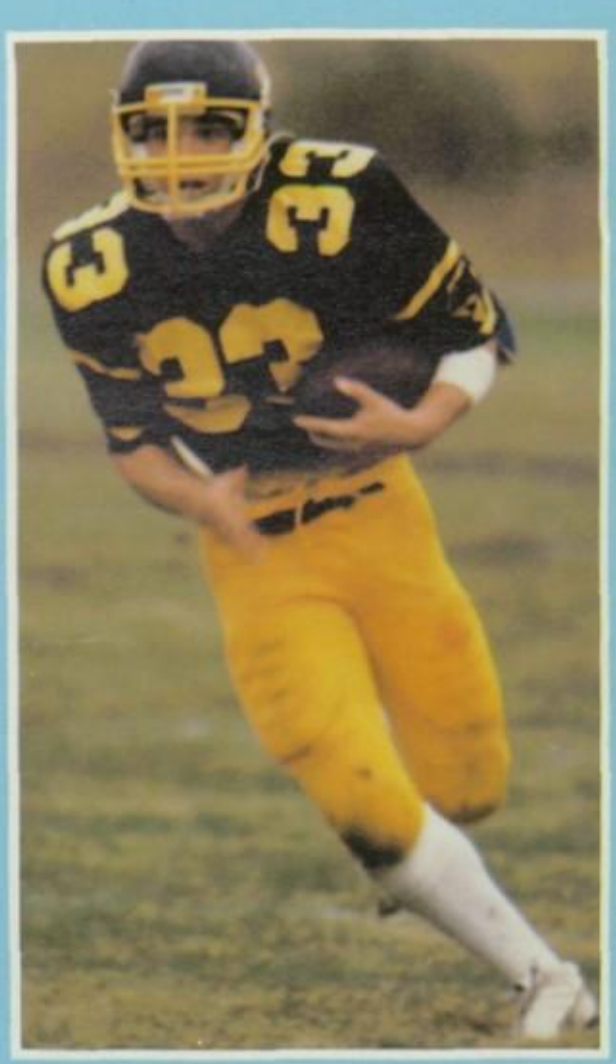
Panthers Prove to be

Homecoming was a great "team" victory for the Round Lake Panthers over the Grayslake Rams, our traditional N.W.S.C. rival. The fantastic week of festivities came to a climax as the Panther secondary, led by Jim DeLeon, Bobby Porteous, Damon Horn, and Troy Haines, shut out a last ditch pass in the Panther end zone. Horn was brilliant finishing the contest with three interceptions. Dave Kaemph kept the Rams at bay by his key punting during the game. The defensive charge was led by outside linebackers Art Bragg, Jimmy Ridlen, and key efforts by Gary Jeffreys, Jeff Ronsman, and Rodney Yanez, who kept pressure on the fine passes of the Ram's QB Bill Sangbush. The Panther offense led by "steady" quarterback Walter Tesch, and running backs Troy Haines, Jimmy DeLeon, and Chuckie Banker controlled the football for over 30 minutes throughout the game. The offensive line, led by Juniors Pat Molidor and Tito Hernandez, came through in the clutch. Only key penalties kept the Panthers from opening the game wide open. This game also was the game that "Coach B's Brawlers" proved that Round Lake can control the line of scrimmage and win the "War of the Pits". Once again the Panther defense, under Coach Schroeder, came up with key plays and interceptions which are becoming Panther trademarks.

The big 14-7 victory was the climax of a great week of Panther Pride and Spirit which once again proved why our School and Athletic teams are "Truly Family".

COACH DUNN





Troy Haines, one of our All-Conference players, had an outstanding Homecoming Game. Overall, he carried the ball 27 times for a total of 140 yards. **GOOD JOB!**

Strong and Survived!!

The Sophomores also had a great defeat over the Rams by a score of 14-8. Overall, they had an outstanding record and are already preparing for Varsity next year. Everyone in the school is standing beside you all the way in hopes of another Conference Championship this year! GOOD LUCK!!!

Dancing Under the Big Top

The Date: September 21, 1985
The Time: 7:00 to 10:00
The Place: Round Lake High School
Girl's Gym

It was a dark, rainy, foggy night but even the weather couldn't bring the Panther fans down. Still excited about the big 14-8 victory over the Grayslake Rams, our conference rivals, students danced throughout the night with much enthusiasm and Pride for their school, and football team. It was surely one of the greatest sights seen at R.L.H.S.

Shortly after the dance began, the Homecoming Court was announced. Happiness and tears filled the room as students stood along the side of the gym and watched the court lead the next dance. The pride that the students had in their school and in themselves made the Homecoming Dance a successful one.

The Last Act

Homecoming Week came to an end with the annual Homecoming Dance which was beautifully decorated by the Senior Class and its sponsors, Miss Nester and Mrs. Rosinski.

This year's Homecoming was one of the best in many years for Round Lake. The Panthers put forth large amounts of effort and spirit to make this year's Homecoming one that will always be remembered.

Varsity Volleyball Shows Their Spirit

The Round Lake Varsity Volleyball team ended the season with a 7-7 conference record and an 11-15 record overall. When asked to comment on the season, Coach V's answer was "SPIRIT!", meaning that this year the team had the fighting R.L. Spirit that they had lacked in the past.

Another factor that helped the team this season was the increase of attendance at the games.

This year's team was lead by Senior Debbie Groot (the setter), and Juniors Denise Kraly and Johnna Steger (both spikers). The Panthers had an explosive offense and a good defense. There were some very close games and some tough losses, but they always came back with a positive attitude.

Round Lake Varsity Volleyball

These game candids demonstrate the fine abilities of this Varsity squad. Their ability to concentrate on everything happening on the court, to spike and set the ball, and to always be prepared to move and hit the ball are very admirable qualities. This just shows how practice really paid off for these girls.

Panther Mania

Mind over matter. If someone believes in something they want to do and are determined to do it they will achieve it," stated Coach Dempsey. This saying sums up the attitude and the spirit that the Sophomore football team had this year. The players were not sure how they would do, but after playing their first game against Grant they changed their minds and became a positive team. The team ended their season at 6-2, with a conference record of 5-2. This strong finish tied them with Marengo for second place.

The Freshmen football team had their first taste of Panther Mania this year. Freshman coaches were proud of them for their accomplishments, as this was their first year on a high school football team. The team ended the season with 7-2 overall record and finished second in the conference with a 5-1 conference record.

MOST IMPORTANT ...

Become Family

The 1985-1986 Football team became family after a heartbreaking 18-16 defeat at the hands of Dundee-Crown. The emotions flowed in the locker room. The tears were an indications that we really cared and were going to make a commitment to hit better and not beat ourselves. The Crown game was also the emergence of Dave Kaempf as a kicker, and how important he would become to our success this season.

The Grant game was the catalyst of the season. It was a total victory for Round Lake against a natural "rival" Grant. Grant had really pumped us the year before with a 49-0 defeat, and Troy Haines suffered an injury that could have resulted in death. The student body, faculty, and community of Round Lake showed up at Grant ready for "War". War it was. Troy Haines and his family will never forget his performance. Jimmy DeLeon made the play of the game as a defensive back, knocking away a touchdown pass in the corner of the end-zone. The play of Rodney Yanez was superb, playing the entire game with a separated shoulder. Kaempf's field goal was the difference. Walter Tesch and Chuckie Banker identified themselves as Panther Football players. Bobby Porteous and Damon Horn were awesome in the defensive secondary. Mike Obrochta, Gary Jeffery, and the entire offensive line distinguished a ball control, error-free type of attack that would lead us to six consecutive wins. The Grant victory would propel us to a season in which the media would concentrate on the spirit and Pride of our community through the efforts of our student body and Football team.

Once again in our wins against Grayslake and Johnsburg, our team did not beat itself, and came up with superb efforts on defense that fought off late rallies to preserve the wins. Art Bragg and Jimmy Ridlen came up with outstanding defensive plays that would earn them the recognition of the best defensive ends in the conference. Damon Horn, Troy Haines, Jimmy DeLeon and Bobby Porteous distinguished themselves as the best defensive secondary in Lake County.

The upset victory over Marian Central Catholic before a huge, enthusiastic home crowd was awesome. The win broke Marian's seventeen game consecutive winning streak in the conference. The two time State champions were physically, as well as mentally and emotionally, beaten by a fired up, aggressive Panther team. Kaempf provided the momentum with his consistent kicking, and the offensive line with Haines, DeLeon, Banker, and company, grinding out a third quarter touchdown provided the incentive for the big win. Once again the defense was superb holding the Hurricanes scoreless after a touchdown interception by Bobby Porteous was called back on a penalty. This win will always serve as an inspiration for our Football program, and a source of Pride for our community.

The Marengo win gave us the conference championship and was the climax of a tremendous season for a great senior class. It was a great home finish. The game was characterized by a trick play, the old flea-flicker that Coach Lee helped us set up, and it caught Marengo asleep and went for a 38 yd. touchdown.

Our final conference game was a bitter 6-3 defeat to the Bears from Lake Zurich. It was the first game during our winning streak that we made mistakes that beat us. We just could not capitalize on our opportunities or create the momentum that would inspire us to make the big play. The loss was very emotional because our whole community turned out for the game, and we felt a tremendous obligation to reward the spirit, class, poise, and support that was provided. We told the kids that the trophy was ours, and that the Pride that was displayed by our Round Lake community was so awesome that **no** *victory, nor amount of money was worth the feeling that we had. We were proud to represent our community in the State play-offs.*

We were the home site for Round Lake High Schools first State play-off game. The spirit and enthusiasm that was generated throughout the community and our school was incredible. The atmosphere was electric. The day was beautiful and the Round Lake Fans were fantastic. The waves and waves of screaming blue and gold Panther fans, along with the great Marching Band provided an inspiration to our Football program to work and dream about being part of that experience again. Antioch overpowered us on the field, but the Round Lake community once again established itself as a community that was proud of it's High School and of the greatest students in the world. Panther Mania lives through our Basketball and Wrestling programs and also through our plays and musicals. **Panther Mania is Panther Pride. Only a Panther understands!!!**

1984-85 Pom Pon Squad
Another Half-time, Another Show

To be a Pom Pon girl, one must have strength, stamina, agility, and rhythm. The girls on this year's squad have these qualities and make good use of them.

Along with these, one needs an endless supply of energy. The squad is always doing things to promote spirit and pride throughout RLHS.

This year, they held a car wash to raise money, went to and performed at all home game half-times (for both football and basketball), and attended a Pom Pon clinic. They also went to the pep rallies to cheer on the mighty Panthers.

Finally, to be a Panther Pom Pon girl, you have to smile. A smile makes a drab day brighter, so Pom Pons, "Keep smilin'!"

Junior Varsity Tennis Looking Good

The Junior Varsity sports teams often don't get the recognition due to them. They put forth great effort, and work very hard to improve. And, in reality, they are our future in sports. In the following years, they will be the Varsity squads, our future top athletes. This year's girls tennis team, consisting of many Freshmen, and some Sophomores, deserve a lot of credit for the things they have accomplished this season. They worked very hard throughout the year. Ending with a conference record of 3-4, they are looking forward to a bright Varsity future.

The outstanding players, who at times competed at the Varsity level, were Bobbie Gonzales and Tina Wallace. In a tournament held for the team, the top finishers were Tina Wallace, first place, Tracy Duddleston, second place, Angela Dellolio, third place, and Bobbie Gonzales finished fourth.

Coach Pat Costello looks to the future with strong optimism. "With the large number of Freshmen that came out for the team and constantly improved, we should have a strong nucleus for next year's team."

Young Varsity Team Enjoys Season

Though the Varsity sports teams are usually made up of Juniors and Seniors, this was not the case with this year's tennis team. Consisting of mainly Sophomores and Juniors, the team was very young. It saw only one returning letterman, a Junior, Louise Schaefer. Because of this, it was considered a "rebuilding" season. However, the team is looking forward to a winning season next year.

The top singles players were Louise Schaefer and Carrie Cowley. Though neither were fortunate enough to play in the state tournament this year, both are greatly anticipating next season.

Personal Memories

There was a lot of hard work involved, but each player has memories of the season that they will keep forever.

We finished last in the conference, as a team, with a record of 0-7, but we still enjoyed the season. There were a few bad experiences, but a lot of good ones, too. We were able to learn from each, though, and that's what really counts.

Everyone got along well, and that helped to make it a fun season. When we won, everyone was happy and when we lost, there was still a lot of support. That helped to improve our performances.

Everybody worked hard and played hard throughout the whole season.

Cross Country

The Varsity Cross Country team had quite a hard time during their practices and their meets. They practiced after school on nice days and they also ran on days when it was raining, windy, and cold. They couldn't stop, they had a goal to reach and Coach Curran was right behind them following in their tracks. He didn't just stay back and wait until they returned. Instead, he ran with them on the 3 to 10 miles they completed at their practices.

The Varsity team finished with a record of 5-3 over-all and a conference record of 3-2. They finished in 4th place for the season. Manuel Mata and Todd Goch were the outstanding players for the Varsity team. Coach Curran commented, "I wanted to finish above 500 for the season and we did."

The Girls Cross Country team had the same hard practices as the boys. This year's team as Coach Curran said, " ... was a pleasant surprise and did better than we thought." They finished with a 5-3 over-all record and were 3-2 in the conference to give them a 3rd place finish. Donna Peeler was the outstanding player for the team.

The Frosh.-Soph. team came in 1st place with a 7-1 and a 4-1 record. At one meet, they finished in 2nd place with Niles West, missing 1st by only two points. At the Warren Invitational, they only missed 1st by three points and so, finished in 2nd place. "The future looks good for them if they stay together," predicted Coach Curran.

The Varsity Golf Squad swung into action this year, but didn't finish as well as expected. Although they had Tom Evers, a Junior, qualify for sectionals, the team just wasn't on the ball. We are all very proud, however, of the spirit that was shown by them, and we can look forward to next year. There will be only three members of the squad graduating. The Laker Staff would like to wish you luck, and again thank you for some fine Panther efforts.

The Junior Varsity Golf Squad had a very trying season this year, but in overall talent we have much to look forward to in the seasons to come. Again we notice the spirit shown by these fine athletes as its not easy for a less popular sport. The program is headed by Coach Pocrnich, and we would like him to know that he is doing a fine job. Keep up the good work! Be proud of yourselves, for we are proud of you.

The girl's bowling team has a meet record of six wins and six losses with one left on Friday, January 31st against Grant High School. The team finished in eighth place in a twenty-two team tournament held at Round Lake. The Panther bowlers will also compete in the IHSA Sectional Tournament on February 7th. The members of the Varsity Bowling Team are Ellen VanMeter (Junior) 165 average, Tina Scharfenorth (Junior) 145 average, Diane Dreyer (Junior) 143 average, Eileen VanMeter (Sophomore) 138 average, and Angie Meeks (Senior) 138 average.

He's called the Bird!

1985-1986 will be remembered as the year of the Panther. The Varsity Boys Basketball team finished with an outstanding 20-5 record.

"One thing that sticks out in your mind, as a coach," says Coach Brian Brown ,"is that they acted as a team no matter what they've done. They've done things together, gone to activities, to the girls' b-ball games and they've really represented the school well."

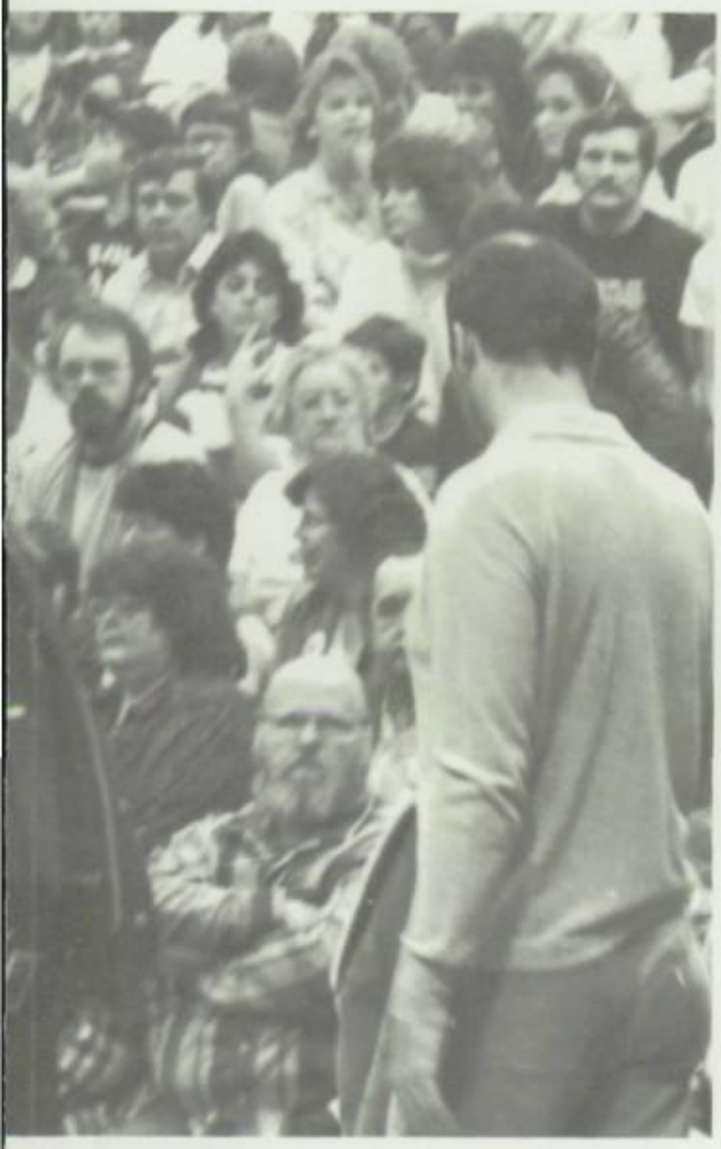
This year's team lived the Panther's battlecry of 'One Family', but you can't talk about the '86 Panthers without mentioning the Big Three: Greg Kreitner, Frank Ptak and Doug Sparks.

"They were the real bulk of the scoring and rebounding," says Coach Bob Ward, "Frank obviously, from a statistical standpoint played an outstanding season and I'd attribute that to just a lot of hard work." He also feels that Doug and Greg are among the top players in the County, in fact the Big Three made All-Conference and Ptak was named Conference MVP.

Those three weren't the only ones playing, however, "the key to the team was that we had ten different starters," says Coach Ward, "The Seniors made the big difference as far as handling pressure situations; we had good role players in Smitty (Greg Smith), Bobby (Porteous), and (Troy) Haines. They came in during very critical times and played good D and shot free throws when we needed them. Stu (Sullinger) came off of and did an outstanding job from the bench, he played really good ball."

Ward added that his Juniors made very good progress, guys like Jim Bills, Ken Lime, Bob Akers, Dave Antczak, Sal Miliante and Keith Schmidt were the heart and soul of the team.

And once again the Panther fans gave the basketball team overwhelming support, in the words of Coach Ward, "The Panther Fans are without a doubt the #1 fans in the area. We not only drew the most fans at home but also on the road—that is a great tribute to our student body and the community.



Top This Season"

Senior Frank Ptak had a fabulous season, averaging 21 points per game, 10 rebounds, 4 assists, 54% field goals and 79% free throws. His best game was 1/31/86 when he made 35 points, 15 rebounds, 6 assists, 4 steals and 3 blocked shots against Marengo.

And about the teams . . .

The Sophomores basketball team is 10-5 and in second place in the conference at the time of this writing. The sophomore coach, Sapochak said the team has very high prospects to be a very good and disciplined basketball team. The team has high prospects and some talent, if the team would of sunk another basket here and there, they could be conference champs. The Freshman team is another team that is getting the feeling of what Panther Pride really means. The freshmen are a good team says Coach Conkling but need a little more work and a little more Panther Mania.

A Personal Look at the Sophomore Team

The Laker staff asked Sophomore Barb Stan about the team's season and their new coach. She commented, "Mr. Dempsey, our coach, has taught us very well." The Sophomore record midway through the season is 7-5. Stan also states, "We've won five games in a row and it feels great! I believe the best game we ever played was a home game against Barrington."

Panther Girls Catch 'em

At Round Lake Senior High, girls' basketball is another sport in which to be proud. The games are exciting and full of suspense. The following is a dramatic version of one game that shows just how eventful the girls' games can be.

It's nearing the end of the fourth quarter, with one minute to go and our opponents have the ball. The teams gather at the basket, waiting for the ultimate shot that will break the tie game. Suddenly, a whistle blows and a foul is called on a Panther player. Shouts arise from the spectators, "You need glasses!" and "What? No way!" The opponent is at the line to shoot two free throws. The air becomes tense with anticipation. The audience shouts, "Rebound!" and—"Swoosh!"—shot one goes in. The same intensity builds again as the player bounces the ball—one, two, three. She shoots, it bounces off the rim and a Panther girl rebounds. The team runs a fast-break down the court and stuffs the ball in the basket as the buzzer sounds.

Picture perfect, right? Well, why shouldn't it be? The girls are Panthers, too! Their new coach has helped them a lot. One player commented, "Mr. Edge has reallly put a great deal of time and effort into changing and improving this program. He tries to be fair while, at the same time, trying to put together a winning season." And he's done a fine job.

Finally, if you haven't gone to see a girls' game yet, catch 'em in action.

CHEERLEADERS PROMOTE SPIRIT AND PRIDE!

The Basketball Cheerleaders have promoted pride and spirit throughout the school year. They have participated in school fundraisers such as "Terrible Towels," and the Pancake Breakfast to raise money for the football field lights. During the basketball season they also worked along with the Panther Pushers.

The Varsity Squad was headed by Mrs. Cohn and the Freshman Squad by Miss Fairchild. The most original of all the cheerleaders was Senior Joe Shuman. Joe was the only male on the squad and because of this and his school spirit Round Lake had something even more special to cheer about.

During the summer of '85 the cheerleaders attended Cheerleading Camp at Whitewater where they received two awards. They were named one of the top ten squads and received a Spirit Stick Award for their cooperation and enthusiasm.

Cardona and Mata Go Down

The Round Lake Varsity Wrestling team has a record of 10-5 and has high hopes for those wrestlers sent to some sectionals. Coach Curran said that he thinks some of the wrestlers will take conference. This year's team was a young team made up of mostly Sophomores and they didn't do bad. When these Sophomores reach their Senior year this team is going to be awesome. Coach Curran said this team has the determination but is just to young. Round Lake has a good wrestling team and, in the years to come, they will be recognized as a great wrestling team.

Panther Pride

Panther Pride has become one of the most monumental things that has every happened to RLHS.

Not too long ago, Round Lake was a school that nobody liked to talk about, or a town they didn't like to admit they lived in. Then came Coach Ward and Coach Dunn.

Two years ago, the two coaches came to RLHS and noticed the lack of morale and school spirit for both the sports teams and the school. They turned the football and basketball teams into contenders and began a trend of support and Pride for all sports, the school, and community.

This year was actually the turning point. A championship football team, pep assemblies, spirit posters, theme games, media coverage, champion basketball players, great teachers and enthusiastic students have all pulled together to create a warm feeling about RLHS known as Panther Pride.

Panther Pride can be described as a feeling of Pride in our school, sports teams, community and ourselves and how it is expressed in it's own unique way.

The students at RLHS provide a positive image about the school through talk, involvement in activities, fan support, massive turnout at all events, and their overall conduct both in and out of school. Our students are representatives for our school, and have received much publicity and media coverage, not only for their sports teams, but also for their role as great fans.

Panther Pride is a very unique and different kind of Pride that has turned RLHS from being a "loser school" into one of the most admired and talked about in the NWSC. Coach Ward and Coach Dunn directed the beginning of the Pride concept, but the students are the ones who made the whole thing work.

We should all be proud of what the school has been built into this year. It is a very special feeling that only a Panther understands!!

Bear-Mania!!

By Penny Olk

The "Super Bowl Shuffle," sunglasses, headbands and hype were all a household name during football season and beyond.

At the start of the season, there were many Bear fans, but many more disbelievers. Living 55 miles north of Chicago provides a perfect team to root for, but then again, this is America and everyone is entitled to their own opinion, whatever that might be.

During mid-season the Bears had the best record in the NFL and this caused quite a stir for the media and football fans. The Bears continual success and T.V. popularity landed themselves in the hearts of everyone.

When they clinched the division title, everyone jumped on the Bears bandwagon. Jerseys, sweatshirts, sunglasses and the hum of Sunday's game provided a pleasant distraction from the boredom and dull routine of an average school day.

The Bear phenomenon didn't only lie in the eyes of the students, but in the faculty as well. During Super Bowl week many students could be found wearing Rozelle headbands, "Fridge" and Payton jerseys, and humming the "Super Bowl Shuffle" in the hallways. Girls, may we never forget Willie Gault! The teachers also got in on the act. On Friday you could look in a classroom and find a serious English teacher or a fun-loving Science teacher sporting Prault headbands and blue and orange attire. (Do you think they were fined?)

Whether you were a Bear fan or not, this will be part of the school year that you may always remember. There may never be another year for the Bears like 1985, but I'm glad that we were able to be a part of it!

Art Bragg proves that he too can be cool!

JUNIORS

You Know You're a Junior When . . .

- you have your driver's license
- you give your Rainbow Brite doll to a needy Freshman
- you get information from colleges in towns you would die of boredom in
- you get your class ring, only to give it to someone
- you make friendships that last more than a month
- when you have enough homework to wallpaper your room . . . twice!
- you know who Prault is
- you think and act as cool as a Senior, only to be knocked down by one
- when you can keep a boyfriend for longer than 1 month!
- you've limited your gossip to only 3 of your friends.
- freshman say "excuse me"!

Study Hall: What a Life!

In the past, study halls have been associated with talking and laughing and total enjoyment, but this year things have changed—or have they?

Study Hall Blues

Last year we played games
such as Hangman and Scrabble
and we spent the whole hour
listening to Dawn's endless babble.
Last year we talked
and made fun of the teacher,
we made up the stories
that she was The Creature.
Last year we wrote notes
and had paper fights,
and if we were scolded
complained of our rights.
Last year we were able
to joke and have fun
but this year we study
until all our work's done.
Well, now that I think,
maybe that's not all true
because study hall still resembles
the Lincoln Park Zoo.

Assemblies are Motivating

Since RLHS has such fine students, the administration likes to give the students a break once in awhile. Their way of showing how proud they are of the student body is to have assemblies. These assemblies are held in order to give the students a break in their schedules and to be together like a "family".

The most popular assemblies are the "pep" assemblies. These are usually held the day of or before a big game. During these assemblies, all the coaches get up and speak about the teams. The main attraction, our head football coach, Mr. Dunn always receives a big applause when he speaks. Mr. Dunn always makes the students get "fired up" and ready-to-go. At the "pep" assemblies, the cheerleaders get involved. All the students cheer with them and compete for the famous "spirit stick."

Some other assemblies that are held every year are the Homecoming assembly and the Holiday assembly. At the annual Homecoming assembly, the people that were nominated for court and class are announced. This assembly kicks off Homecoming week. The Holiday assembly is held the last day before Christmas vacation. It is just a way to wish everyone a Merry Christmas and Happy New Year.

CLUBS & ACTIVITIES

Student Council

The Student Council has many important jobs in this school all of which concern the student body. They make things better in school, by solving problems within the school! They hold fund raisers, like flower and candy sales, computer dating, dances and assemblies for the students enjoyment. They also go to other schools and make exchanges of students. They go to state conventions where all students meet to discuss differences of schools and exchange ideas.

Bottom Row (L to R): Moneen Stilwell, Leigh Whipkey, Joey Ortiz, Sinday Witte, Louise Schaefer, Tracey Fisher, Carla Wibright.

Once a month, when deadline time rolled around, these words could be heard coming from room 209.

"Today? You wanted it today?"

It cannot be said that the Blaize staff was not dedicated.

"Oh, I thought Joe was doing that!"

This year's Blaizers did more than just write stories. They took pictures . . .

"Nope, can't use that one, it's too blurry. All right, who took a picture of Brian Scott's scar?"

. . . they worked with computers and telecommunications . . .

"I can't take it—that machine keeps beeping at me!"

. . . they learned how to properly put together a layout . . .

"You know that picture we only had one copy of and was too big for the page? Well it fits now, except I cut off the top of Mr. Prault's head"

. . . They learned about ad sales . . .

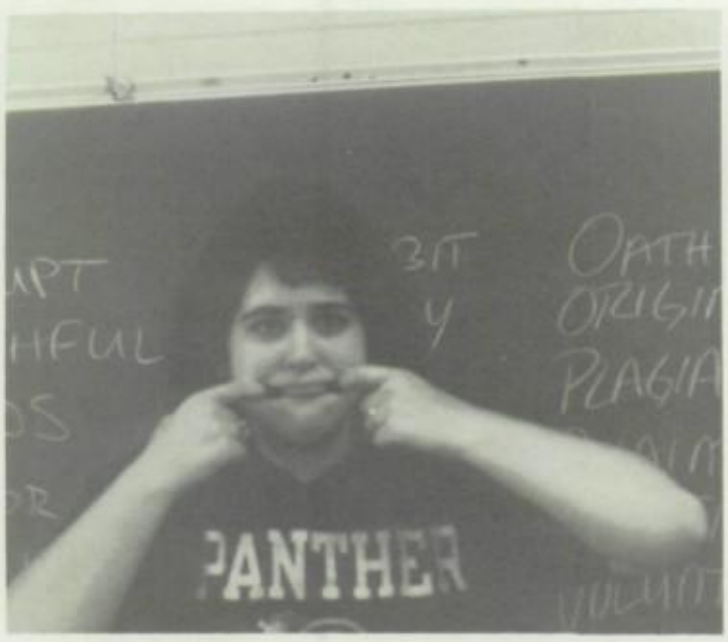
"You mean I have to actually talk to someone? What if they throw me out of their store?"

. . . and meeting deadlines . . . "I need an extra week to write my story, I lost my pen."

Being on the newspaper is demanding, frustrating and seldom rewarding. But at the end of the month when the issue is finally distributed, you can sit back, look at the newspaper you had worked so hard on and say,

"This headline's crooked! Someone misspelled Round Lake! This picture is upside down!"

Above: "Oh, you guys!!"



Above: "What do you mean immature?"

Left: "So, what do we do now? It looks rather complicated."

Being Honored in NHS

The National Honors Society consists of students with good character, leadership and those who have been involved in their school or community.

In order to become a National Honors Society member, a student must be nominated into the NHS by teachers, the administration and present members of the National Honors Society. Students can only be nominated if they are at least a sophomore and have a minimum 3.00 grade point average.

Towards the end of each school year all honor roll students are gathered at the induction ceremony where the newest NHS members are honored into the National Honors Society. New members receive a certificate and a pin.

Being a member of the NHS is an honor for any student who becomes one.

Vica Prepares Students

Vica stands for the Vocational Industrial Clubs of America. It is a student organization for students in vocational classes (business, industrial arts, home economics) who wish to add to their vocational skills by learning leadership skills and other skills needed for the world of work.

The Vica officers consist of: President, Lisa Bertholomey; Vice-President, Chad LaMie; Secretary/Treasurer, Barb Panella; Parliamentarian, Chris Pecoraro. Mrs. Francis is the advisor.

Standing (left to right): Tom Nixon, Velia Gonzales, Brian Lucassen, Barb Panella, Lisa Bertholomey, Jeff Peltonen, Mrs. Francis, Duane Ross, Sherrie Carr, Jerry Ring, Chad LaMie, Katy Kassner, Debbie Boudrie, Kneeling (left to right): Tony Avitia, T.J. Varsity Club

The Varsity Club consists of athletes who have received a letter(s) in sports. These students work hard at doing the best they can in a certain sport. For some it may come naturally, but all of these students deserve the honor of being a member of the Varsity Club. These are the students that have enough guts to put on a uniform and play to their best ability in front of cheering fans and spectators.

Tennis Club

The Tennis Club is sponsored by Mr. Costello, who makes everything he does enjoyable.

This club consists of students who are on the tennis team and others who enjoy the game of tennis or want to learn more about the game.

The Tennis Club meets after school on a regular basis. At these meetings students discuss fund-raising projects and other tennis related topics.

Ski Club

This year's ski club is an enthusiastic bunch! They go on many ski trips including a weekend trip. Not everyone has the ability to step into those boots, snap 'em on and go down that mountain! Sounds like fun? Maybe you should try it. Our Ski Club is a part of our school and PRIDE!

Outdoor Club

The Outdoor Club is made up of many adventurous students who have a liking to the outdoors. They go on many exciting trips, in and out of state, and go on a Canada canoe trip in the summer. For students who like adventure and excitement and who have a bit of courage this club is a must. The Outdoor Club is advised by Mr. Waterhouse.

Computer Club

The computer club is a student club that provides evening time on the computers for any R.L.H.S. student. Students play and write games, do homework, and write their own computer programs during this time.

Also, special topics are presented, like machine and assembly language programming, as well as details on the disk operating system.

The computer club basically provides the fun of learning how to work with a computer.

The R.L.H.S. Food Committee is run by Ms. Boness. It was formed in the fall of 1983. The Youth Advisory Committee is a nation-wide organization affiliated with the school food service. The committee works with the food service director to satisfy the wants of the student body. The Youth Committee, nicknamed "The Munchies," samples various foods, reviews menus, updates the cafeteria look, incorporates new food items, etc . . . The "Munchies" have just recently started a new project at the high school with the new breakfast program.

Food Committee

The Chess Club is supervised by Miss Liegl. Her job is to help teach new strategies and moves for this mind game. The club meets once a week with students playing other students. It is considered a challenge of higher thought. At the start of the year, members select three people for the club offices. Bob Herbert is this year's President, Dan Auckland is the Vice-President, and Nicole Skrzyp serves as the Secretary.

This year's photo club has high expectations. They are more organized than previous years. They have offices which are held to help out the progress of the club. The president of the club is Chris Volling and her right hand man is the vice-president Holly Schroeder. Their main plans for this year are to raise money and get new and more advanced equipment from one fund raiser and plans for more. Anyone who is interested in the camera and would like to know more about photography is very welcome. The meetings are held on Tuesdays at 3:30 in room 321. SEE YOU THERE!

Art Club

The Art Club is a club designed to give students a better opportunity to create and use their imagination which, normally, they would not do.

Organization is the key factor for making this club successful. The officers make most of the final decisions in the club. The President is Joe Ortiz and the Vice-President is Jason Mink.

Their meetings are held on Tuesdays at 3:30 in room 104. New members are always welcome. Try your imagination in some art work.

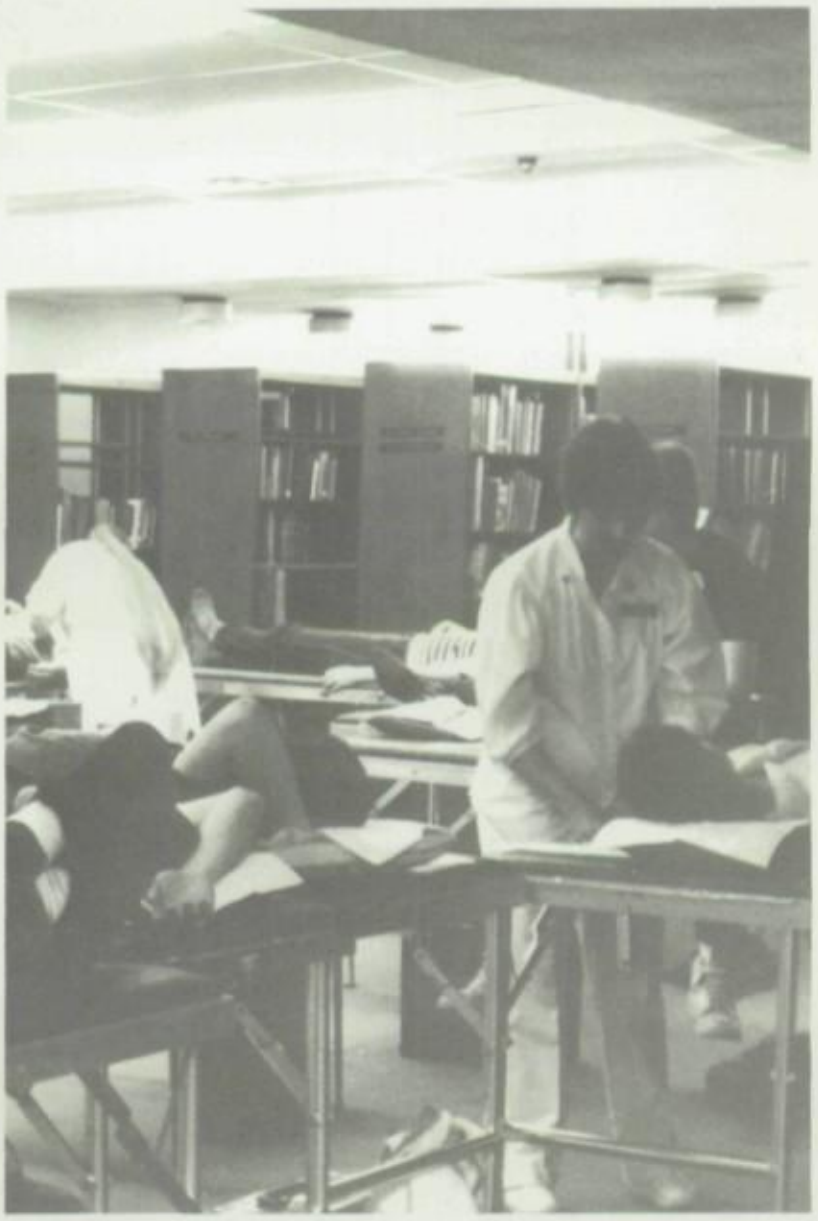
Blood Drive

Although this year's blood drives were not as successful as others, due to certain disease scares, RL's two blood drives received enough blood to make Dracula drool. The school and the Blood Center encourage every able body to give whenever they can!!



Thespians: Good Show

The life of a thespian includes such activities as bi-weekly meetings, sponsoring school plays, and attending major stage productions in Milwaukee and Chicago. This year the club also held workshops to teach stage production techniques.

According to Mr. Stephenson, the club's sponsor, "Thespian is an honor attained through Drama club, determined by the accumulation of points gained with theatrical activity."

The members " . . . try to center our efforts around artistry, of course, but also craftsmanship—that is, the concept of doing something worthy and worth while, something that you can do well, and do it for people whom you can see, who are there even as you do it, who weren't there last night and won't be there tomorrow, but are there now to see you do it."

Speech Team: Speaking Out

When asked about the Speech Team, most people say, "Oh, I hate giving speeches." Well, Speech Team is a lot more than just giving speeches. The team members go to tournaments and compete in one or more of the following categories: Original Comedy, radio speaking, verse, prose, dramatic or humerous duet acting, dramatic or humerous interpretation, original oratory, oratorical declamation and extemporaneous speaking.

A tournament consists of three rounds of performing in each category and being judged by three different judges. After the rounds, the points are counted and the awards are given.

Finally, a tournament may mean getting up early every-so-often on a Saturday, but it sure pays off when one considers the awards one can win and the terrific people one meets.

"Let Me Entertain You!"

It's a Case of the Jitters Before the Curtain Goes Up

From a seat in the audience of a production, one sees the faces, the acts, and the masks put on by the actors to entertain and captivate their viewers. In watching a stage production, the audience should not only be able to follow along with the story line or plot, but also gain an impression other than that the play was good or bad.

Some of the "critics" of this year's musical, "Gypsy," were interviewed as to these impressions and were asked to give the production a rating. Many answered a seven or an eight and several even said, "a definite ten."

The musical ran November 14-16 and the general reaction of the audience was, "It's a hit!" While watching a play or musical, most people do not realize what all actors go through backstage. "Nervousness plays a big part in my feelings before the curtain goes up," said one student-actor. The fear of forgetting lines or making a major, embarrassing mistake, crosses the mind of every actor. However, once the curtain goes up and the lines start spilling out in all the right places, things begin to take shape and before you know it, it's over.

You have to learn these lines by tonight!

MORE THAN MEETS THE EYE

Some people think that all you need to be in band is the ability to play an instrument. Not true! This is a slight misconception. Merely playing an instrument is not enough. A player must have the ability to express feeling—to convey emotion through the music he or she is playing.

By the time most members are recruited into High School band they've had approximately four years of musical training. They not only know how to play an instrument, but how to make it tell a story as well. They have learned how to sight read music and understand musical terms such as crescendo, decrescendo, piano, and forte. Band members listen, tune and mix the voices of their instruments to make beautiful music blend together.

Musicians are not the only part of the band. The conductors play a major role in the progress and performance of the members. They choose music, learn the parts of each instrument, teach each section it's part and conduct the band as a whole. The conductors bring all the loose ends together to achieve the final product, a concert. Meanwhile, they continue the process of teaching the members new terms and techniques.

Finally, to be part of a band, a student must have patience and the ability to overcome disappointment and handle criticism. Most of all, the developing musician must be born with a strong feeling of pride for a genuine love of music and the beauty that can be created.

CHORUS SINGS INTO ACTION

The year got off to a terrific start with the chorus float winning first place in the B Division of the Homecoming Parade. Many of the chorus members participated in Project Pride—a Community "Pick-Me-Up" on October 26. The Broadway musical. "Gypsy" dominated November and was a success. Karlene Manley was selected to participate in the District IMEA Chorus at Oak Park-River Forest High School on Saturday, November 23. The show choirs gave several programs for community groups in December and the Chorus/Band Concert was on December 19.

Second semester included the Conference Choral Festival hosted by Lake Zurich High School on February 19 and the Round Lake District #116 Choral Festival on March 4. Forty chorus students competed in the Solo and Ensemble Music Contest at Northwestern University on March 15.

The Choral Department took its first trip April 4-7 to Nashville, Tennessee to compete in the "World of Music Festival." The Jazz Concert on April 22, the Variety Show on May 1-3, and the May 20 Spring Choral Concert and Awards Night finished a very busy and successful year.

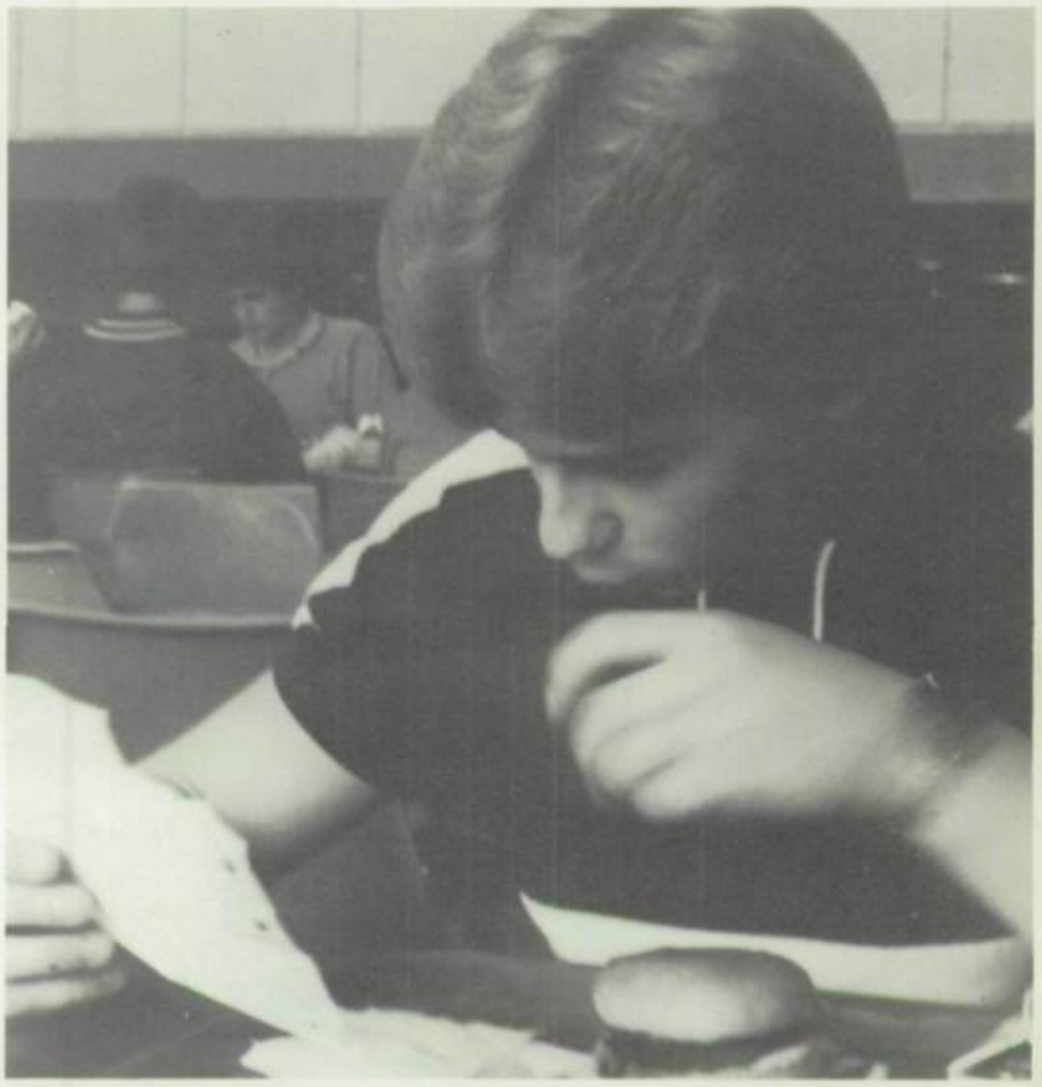
The Cafeteria: Do You Dare Go in There?



When RLHS switched to a nine period day, it provided some nice benefits for students. One benefit was a 45 min. lunch hour, which gave students more time to socialize do homework, and pig out!

Some of the popular food items include nachos, pizza puffs, hamburgers and french fries, or the special of the day.

This year the food committee added some new items to the menu. In the snack shop you can get popcorn, shakes and various Hostess products. And a new attraction on Thursdays is the fresh deli spot in place of the everyday salad bar.

Homework at Large

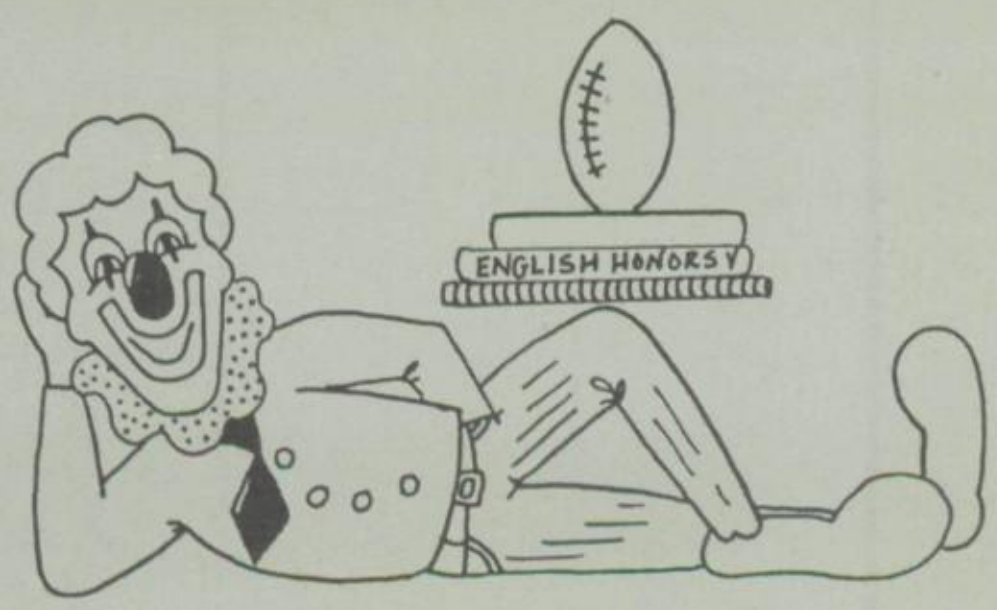
In high school there are many different breeds of students ranging from the annoying 'Brain' to the elusive 'Phantom'. The following is a look at the morbidly fascinating and bewildering creatures that make up the RLHS student body and their equally bizarre 'study habits'.

The Breezer: This student skates his way through school taking courses that don't require textbooks. If, by some strange coincidence, the Breezer is placed into a class and is given a textbook, his friend glues the pages together as a joke. The Breezer wouldn't realize it until the end of the year when it came time to hand in his book.

The Night Owl: This breed is a known procrastinator because he stays up late to watch David Letterman or the CBS Late Movie. The Night Owl most commonly does his homework during class or 'borrows' someone elses to 'check' his paper.

The Brain: Truly, the most annoying of all types of students, the Brain never takes easy classes, types all of his homework, plays in the band, works on the yearbook, holds down two jobs and still keeps a 3.95 GPA.

The Jock: Quite easy to spot, this breed wears sweats, Izods, and high tops everyday except for the game days when they **have** *to dress up. Jocks do their homework 'in season' when they are in their sport because they have to keep up their grades to stay on the team.*



The Socialite: A well-known breed which is also easy to spot is the Socialite. Normally, the Socialite is a female who does nothing but sit in class and put on make-up or gossip. Almost all of her school paper she uses for writing notes to half of the school. During lunch, she usually eats only salads and skim milk.

The Teacher's Pet: No school would be complete without a Teacher's Pet, if not for the teacher's to favor, then for the student's to loathe. The pet always does their homework, is never late to class and is usually friends with the best liked faculty member. If the pet is on the borderline of an A or B, he will undoubtedly receive the higher grade because he's a 'nice kid'.

The Entertainer: Probably the most popular kid in school. When this 'kid' walks into class the students sigh with relief because they know the Entertainer will make class fun with his jokes. The Entertainer lives for the first few months of school, gets ready for Spirit Week months ahead of time, and always comes up with the most original costume. The thing that this person is never without is his sense of humor, one-liners and cheap gags.

The Phantom: Indeed, a most elusive character, the Phantom is hardly ever in his classes, but still somehow manages to pass. When you see him at graduation, you say "Who is that guy?" The shadow knows.

Takin' a Look Back

On, when you open the pages of this school scrapbook of the days when life was simple and less were your cares. You'll remember back to your ole' school pals and reminisce of your teenage years.

Those days of rowdy pep assemblies and football games, classroom flirts and remembering names. When you open the cover and read the friendly notes that are written inside.

You'll discover no time will ever remove the memories of your High School Pride!!!

Your memories aren't lost, now your memories are more and your life is enriched everyday.

You're just opening a book of your first golden years, you're just taking a look back.

And if you feel a little sadness reminiscing back to those days of first loves and heartaches.

Think not down of what once was, but what in the end you have gained,

A memory.

My Love

K.T.W.

Mere words cannot express
The feelings I have for you,
You are my everything,
my hopes, my prayers,
And all my dreams come true.
How can I explain to you
How much I love you Dear?
Just look into my eyes,
They speak what only the heart can hear,
Look into my eyes sometime
And see what's in my heart,
Then you'll know I love you
Even when we're apart.
And as the years go rolling by,
Together we will be.
Because I know, and you do too
That you were meant for me.
"I love you," these words
I know
Will always be repeated.
Through time and trouble
I know our love will never be
Defeated!

A Visit From Big Jim!

Twas the day before vacation
And all thru the school,
The student and faculty
Were acting like fools,
The freshman that were hung from
the ceiling were scared,
They screamed and hollered
but no one really cared.
With teachers in the halls and
Lobaza watching the cars,
We all settled down cause
we weren't going far.
When from the end of the hall
there arose such a ruckus,
We sprang from out of our desks
to scope out what the fuss was.
When what to our frightened
eyes should show up.
But a miniature administrator
and his whining pups.
Yes it was Big Jim Prault
and he was on the warpath,
He had a whole student body
cringing from his warpath.
Tougher than the defensive linemen
and quicker than the track team
We hoped and prayed that it was
all a bad dream.
"Now Eiduke, now Prorok,
now Carol and Barbie,
On Jordan and Kaminski,
on Howie and Ardie!"
Thru the gymnasium and studyhalls,
Big Jim bellowed his call,
"Deficiencies, deficiencies,
deficiencies for all!"
He was dressed in polyester
from his head to his feet,
And you could tell by his smile
that he ate plenty of raw meat.
His nostrils were flaring,
his eyes all aglow,
What he was thinking,
we didn't want to know.
He spoke not a word,
but went straight to work
Filling out "out of schools"
for all the class jerks.
And then he said,
as our skin turned white,
"You're dead meat you all,
so get out of sight!"

Physical Education: Why Dread It?

To some students, gym class is their most dreaded 45 minutes of their day. Just the thought of having to dress out in their smelly gymsuit, participating in an activity that they can't stand, or even having to show everyone how fat their legs are, are just some of the bad points when it comes to gym class.

Some people don't like gym because they feel they aren't very athletic. So what? Don't think about it like that! Gym is required, so you might as well think of it in a positive way. For example, gym is the only class where you don't have to worry about homework or pop quizzes. Now, exactly what is so bad about that?

It's a Bummer for Girls When . . .

—Your voice is lower than your boyfriend's.
—Your generic hair color turns your hair green.
—Your boyfriend comes over and your mom says "Which one is he?"
—The only guy that asks you out was voted "Most likely to strike his mother with a blunt object."
—Your boyfriend breaks up with you to go out with your best friend & she does.
—When you have a date with your boyfriend but you have to drive.
—Your boyfriend shows up at school with the same earrings on as yours.
—His hair is longer than yours.
—He looks better in a dress than you do.
—When a guy can outlast you in aerobics.
—When a guy cooks dinner for you—and it's good!
—You have hairier legs than he does.
—You spend three hours getting ready for a date and your boyfriend arrives only to ask, "Why aren't you ready?"
—You spend an hour curling your hair and you go outside and it's raining

The Work Force

by Penny Olk

Due to the growing economy, high prices, and the desire to own everything in sight, many students at RLHS are a part of America's work force.

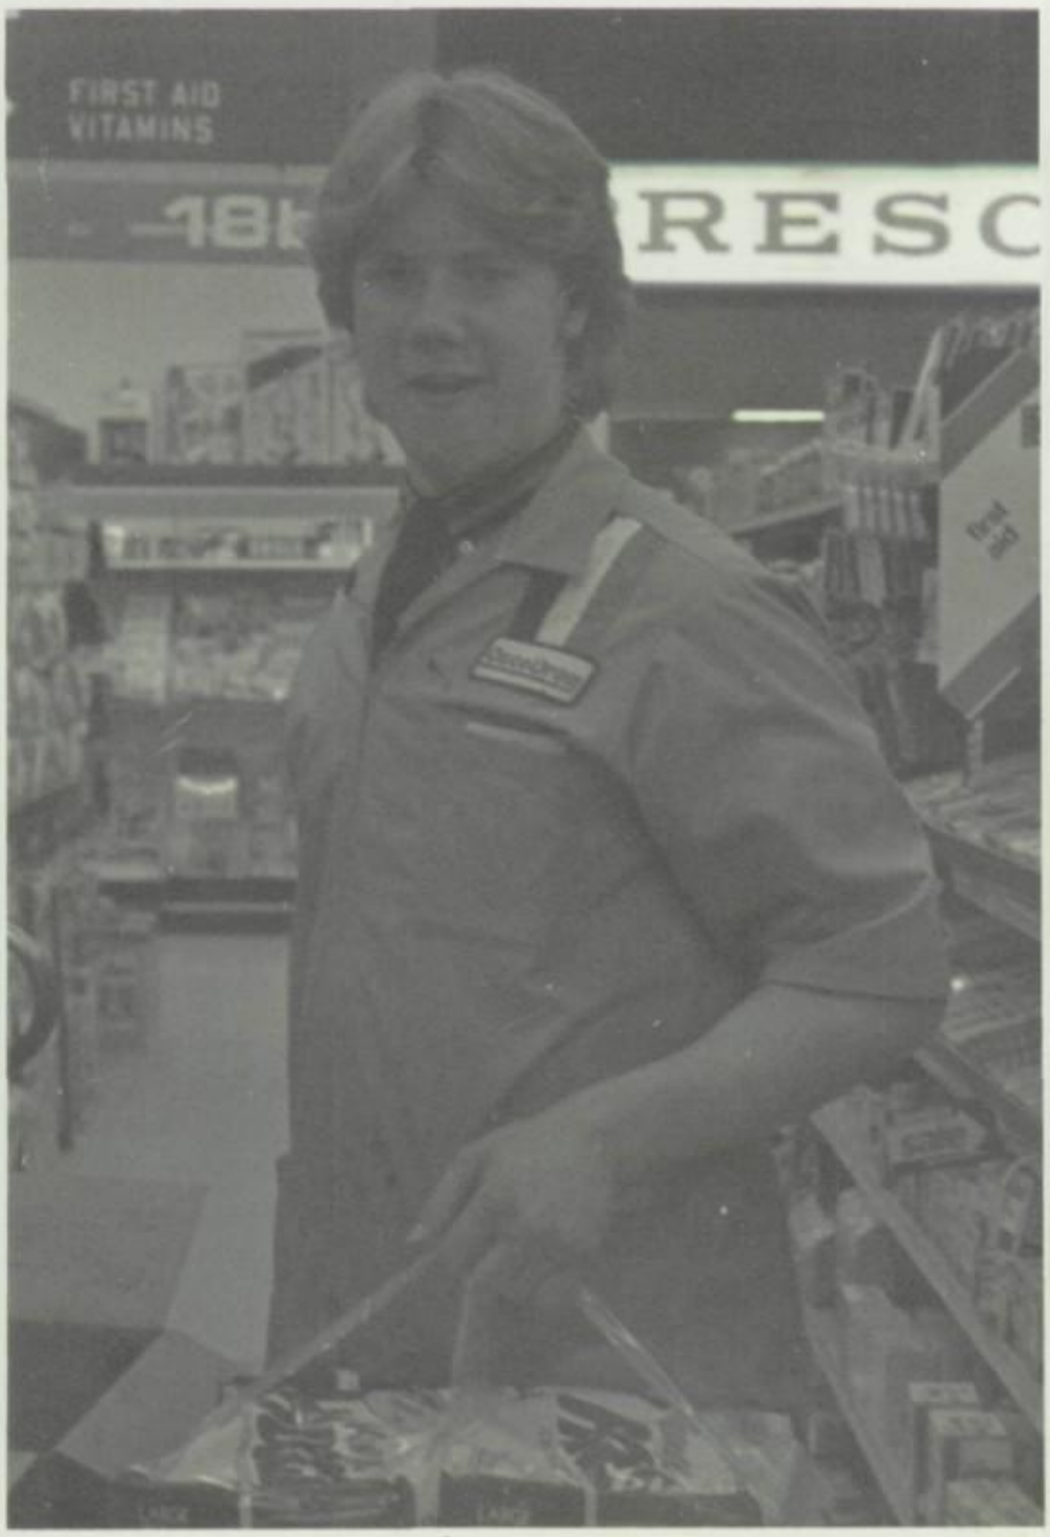
To have or do anything worthwhile, it costs money. An average evening of a movie and getting something to eat afterwards, can run anywhere from $10 to $15 for one person (depending on how hungry you are). Going to the mall to find the perfect shirt to go with your new jeans can also cost a small fortune. Let's face it, our parents can't afford or want to be our private bank from which to "borrow" money. This is the time when you must realize that it's time to find that awful three letter word, a job.

There are many popular places in town where students try to act busy in the off-hours away from school. McDonald's, Kentucky Fried Chicken, Eagle, Perry's, Taco Bell, Burger King, K-Mart, Jewel, and Ace Hardware, just to name a few.

Work is not always the worst, like having to be stuck at work while all your friends are at the "big" game. If you can get along with your co-workers, try to make the time fly, and let's not forget, put up with the many managers, work can be a very pleasant and fun experience (as long as your friends never see you in your polyester uniform, or mopping floors).

The most positive and rewarding effects of having a job, (it's why everyone does it), is all the money you make. You see the check, sign it, cash it, and then go and blow it on food and clothes so in two days you are back to having 10¢ to your name again. But it's all worth it though, isn't it?

Left: Brenda Leslie says, "Hurry, Herb is here!" Above: Todd Patton eagerly takes a break to pose for the camera at Jewel.



Above left: *Madge Raysby fears someone has spotted her at Jewel.* **Above right**: *Joe Cowley tries to look busy at K-Mart and still get paid for it.* **Left**: *"What are you looking at? Somebody's got to do it!" says Eric Lanenga.* **Middle**: *Dena Simon provides a sense of fashion at Burger King.* **Above**: *"Can I please go back to work now?"*

The Round Lake High School Slang Dictionary

The English language is considered one of the hardest languages because of its use of numerous slang phrases. For instance, the Russian comic Yakov Smirnov says that his friend (an American) quit smoking cold turkey. Smirnov asks why he would smoke turkeys in the first place.

RL's slang isn't any different. Sometimes, we take everyday words and give them new meanings such as "burn" or "stench". Or we just steal phrases from t.v. shows or movies like, "I must say."

The following is a sample of the most popular phrases of the past year.

"Borrow Me Some Change"—a phrase used to bum money off friends, however it is terrible English so if someone says that to you, don't give them money—give them a grammar book. "Boss"—adjective that describes something that is cool. (e.g. 'that's a boss car!') "Burn"—noun, a cut-down; verb, to burn someone or cut them down verbally (e.g. 'You're ugly and your Momma dresses you funny') "Dork"—a vintage adjective used by our parents when they went to high school. This word is used to describe a real geek (geek—see your grandparents' yearbook), it's been brought back in style like paisley prints and miniskirts. "Get a Life"—phrase used to 'burn' someone who is a freshman or just acts like one. "Going Out With Someone"—phrase that describes two people that are engaged to be engaged, unlike 'Seeing Someone' which describes two people who are engaged to be engaged to be engaged. "It's A Piece"—adjective phrase that describes something that is not of good quality. (e.g. 'That car is a piece!') "I Must Say"—prepositional phrase that goes at the end of a sentence to emphasize your point (e.g. 'I'm as doomed as doomed can be, I must say') "Sad"—adjective that's synonymous with something that's bad, uncool or stupid. (e.g. 'those parachutes pants are sad') "Slime"—noun, one who doesn't bathe or wash their jeans more than twice a month. (syn. 'freshman') "Stench"—adjective that became a popular burn after a certain football player used it. "Vogue"—adjective used to compliment someone on their appearance (e.g. 'My, but your ensemble is vogue') "Wha?"—phrase that is popularly used by jocks in answer to most difficult questions like, "How's it going?" or "What's your name?" "What are you? New?"—One of Paula Wisniewski's many entertaining, innovative, and over-used phrases. "Yah"—(y-ah) pronoun used in place of certain words that shouldn't be said in front of your mother or a faculty member (e.g. 'I fell on my yah!')

"What are you, new?"

"Let's see—a four letter word beginning with D, means vintage adjective."

"Guess who is not just seeing each other, but Going Out!"

THE RING MASTERS

Our Ringmasters are a major part of our school, whether it is to deal with school problems, student benefits, discipline, dealing with major sporting events, trying to improve education, or trying to help students make something of themselves and their future.

They should be very appreciated for everything they do for the student body and also the school itself. Without them and their support of the school, the pride that reflects upon us wouldn't be the same.

PEOPLE WHO CARE ABOUT YOU

When Mr. Schroeder came to our school, 23 years ago, he had a deep desire to work on a one to one basis with students. Counseling wasn't everything he wanted to do, though. He also has an interest in working with young adults in a competitive situation. He is now an Assistant Coach for the varsity football team, Head Coach for the boys' varsity baseball team, and the Coach for the girls' bowling team. When asked how he felt about this year's football team his response was: "It was one of my most enjoyable experiences since I have been at Round Lake. It was enjoyable to watch the players reach for high goals and then to achieve them."

Mrs. Ardis Harnagel
Before counseling here, Mrs. Ardis Harnagel was the Vocational Coordinator at the Lake County Area Vocational Center and prior to that, she was a counselor at another high school. Mrs. Harnagel is one of the people who started our P.R.I.D.E. Program. When we asked her how the program was progressing, she stated: "Fantastic." The major change that she has taken part in this year deals with the Advisor/Advisee program. Instead of the Advisor meeting with his/her whole group, they meet with each individual advisee once a quarter. There is a positive attitude with both the students and faculty for this change.

Mr. Joseph Jordan has always enjoyed helping people. His friends in high school and Dr. Bob Nejedlo, a professor at Northern Illinois University, gave him the encouragement to become a counselor. Now, he has been helping students for three years. Mr. Jordan does more than just help students with their schedules, colleges, etc. He is also the sponsor of the National Honor Society. Each year, sophomores, juniors, and senior students are evaluated by a faculty committee. Students are picked by a record of scholarship, service, leadership, and character.

Second Stage Act

Our office secretaries hold a great deal of responsibility for our school, they help make our days easier and a whole lot happier! Our secretaries of R.L.H.S. should be greatly appreciated for the work they do for not only us, but the community as well.

Teachers come in all shapes and sizes, small, medium, large, and Mr. Rummel. Each teacher also has his (or her) own look. They have, just as students do, a variety of hairstyles including the I forgot my hair look (Mr. Bartosz). Then there's always the various styles of clothing. Mr. Edge would qualify for the bachelor look. Mr. Sarrazin definitely has the professor look. Miss Liegl, without a doubt, has the I'd rather be in Iowa look. Mrs. Dmytro has the proper look (whatever that may be defined as). Mr. Christensen can unquestionably be labeled with the I'm always happy look.

For some of those not mentioned above, we have a special treat for you. The following is a list of awards which we feel the recipients have really earned:

The Tuna Award—Mr. Bell
The Art Award—Mr. Costello
The Motivator Award—Mr. Dunn
The Spelling Award—Mr. Edge
The Bus-Driving Award—Miss Gray
The Herb Award—Mr. Jachens
The Name That Tune Award—Mrs. King

Library Staff

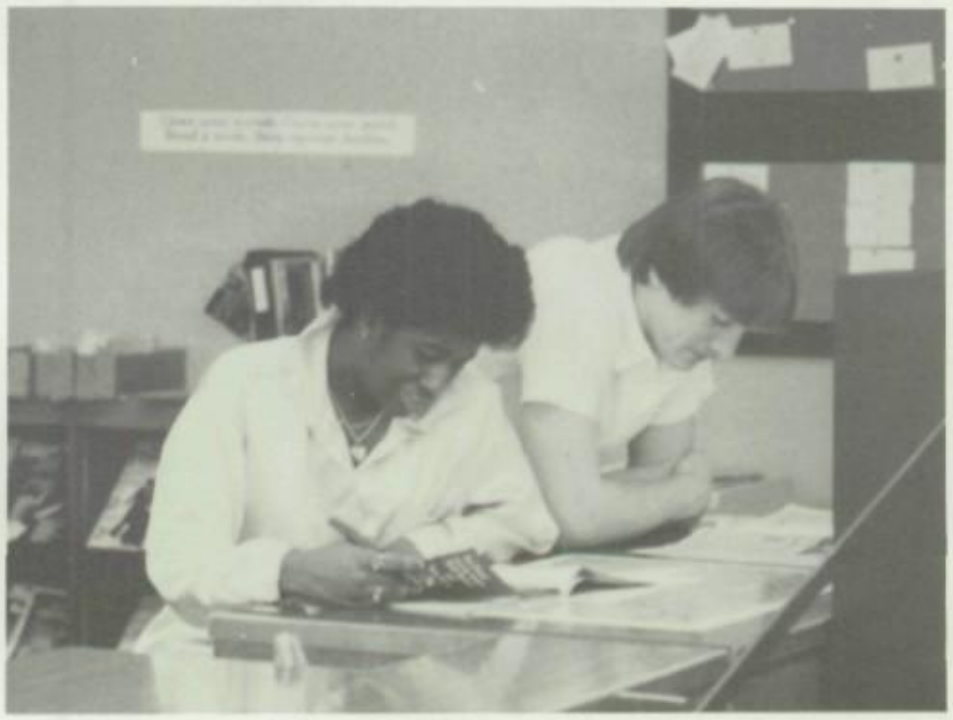
Smitty and Company Are Hard at Work

Our library staff consists of Mr. Smith, Mrs. Olson, and Mrs. Mowers. Together they help keep the library in order, make it a valuable place for research, and help students in any other way they can. The staff also takes responsibility for keeping all video and movie equipment in working order as well as to teach library workers the library procedure. All in all, these three people really have their work cut out for them. Our library staff should be greatly appreciated for all their time and help they contribute to both administration and students.

Library/Office Helpers

We here at the Laker Staff would like to thank all the library and office workers for all their help they have given to make things easier on the administrators and the students. We understand how much time and effort is put in to make a day run smoothly.

So, everyone who has contributed to this accomplishment give yourself a big pat on the back!!



We would like to give special recognition and a big thanks to the following people: C. Boykin, R. Butler, S. Kuxhouse, M. Malleck, S. Murar, L. Pereira, J. Reitz, J. Alanis, M. Bransky, B. The people who have the most thankless jobs at RLHS are the men and women of the custodial and cafeteria staffs. They feed students who come streaming in the cafeteria at the sound of the bell after a morning of working hard at their studies. The workers themselves had spent the morning preparing for the rush of hungry students.

The Janitors work, often unseen by the student body, cleaning, repairing, and maintaining the school facilities. They keep our school clean and make it a more pleasant place to study, socialize and learn.

Top row (l-r)—R. LOOZE, P. TURNER, D. GERSTENBERGER, S. BROWN, B. VICE, E. VANMETER, M. LIQUARI, P. McKEE, M. MULLANE, 2nd row (l-r)—K. BONNES, B. HALLOCK, N. PALLAZOLLO, L. BRAGE, M. SMOLISKI, J. SCHMIDT, J. BROWN, C. BANKER. NOT PICTURED: J. LADWIG.

Smiles! Smiles, Everyone!

At the end of this school year a group of spirited Seniors will leave this school, some never to return again. Along with them go their many smiling faces, which will be missed by many. Some will be remembered for their contributions to the school, but more important they will be remembered for the happiness they brought into the lives of all of us. In our memories we will never forget the Class of '86 because their laughs and smiles will live on forever. The most important thing to remember about each person is how they affected our lives in a positive way. The Senior Class grew up together, learned together and had a lot of fun together and that has bonded them for life. Now they must depart and expand their lives. Not with sadness, but with a positive outlook on their lives . . . and anything they believe, we hope they achieve. Congratulations, Class of '86 and Farewell.

WE MAJOR IN COLLEGE LOANS.

There is nothing more valuable than a good education. But with rising inflation and government budget cuts, the cost of college or vocational training might seem out of reach for many students and their parents.

Grayslake National Bank can help you realize your educational goals, because we're offering low interest, deferred payment college loans to eligible students.

Stop by our Main Bank, Round Lake Commons Facility or Gagewood Facility, and talk to a Personal Banker to see if you qualify.

When it's time to start thinking about your future, it's good to know there is a bank in your neighborhood that will be there when you need it.

Brad,
It was really
fun getting to know
you. I wish you luck
in all you do. Keep on singing;
you're gonna be great. Ill see you
next year, but until then, be good
and have fun! Friends,
Heather Mark

BRAD

You're a nice person and I'm glad you are going out w/ Laura. I wish both of you the best of luck.

Ronnie

Brad,
It's been nice
knowing you for
computers class. Hope
you have a great summer
remember all that
keep up the good work
you do.

Brad,
Love only
known you for
a while, but I
still can say
that you're a good
friend. Stay sweet!
You're a Dupah!

Brad,
Well I had a great year in
guitar class with you and
Amber. I hope I have you
in one of my classes next
year. It's been a riot. I
always did look forward
into coming into Guitar
cause you & Amber brightened
my day. Will stay cool + sweet.
Remember "My name is Toby" + "3 + 5"
I still can't figure that out!
Like I said to Laura I wish
you two all the luck to stay
together. Have a great summer.
See ya next year! Bye now!
